Essential tools such as multimeters (DVOM), oscilloscopes, and scan tools are discussed, with special attention given to the automotive multimeter needed to troubleshoot many modern sensors. You'll get step-by-step troubleshooting procedures ranging from safely jump starting a battery to diagnosing parasitic current drain and vehicle energy diagnosis. And you'll find detailed testing procedures for most problematic electrical components on your European car such as oxygen sensors, crankshaft and camshaft sensors, wheel speed sensors, fuel pumps, solenoids, and actuators. Reading wiring diagrams and decoding the German DIN standard are also covered. Whether you are a DIY mechanic or a professional technician, *The Hack Mechanic Guide to European Automotive Electrical Systems* will increase your confidence in tackling automotive electrical problem-solving. Chelsea Chelsea Bang Bang Chelsea Handler 2010-04-01 In these personal essays, the hilarious comedian and Chelsea Lately host reflects on family, love life, and the absurdities of adulthood with "cheeky candor" and signature wit (Philadelphia Inquirer). Life doesn't get more hilarious than when Chelsea Handler takes aim with her irreverent wit. Who else would send all-staff emails to smoke out the dumbest people on her show? Now, in this new collection of original essays, the #1 bestselling author of *Are You There, Vodka? It's Me, Chelsea* delivers one laugh-out-loud moment after another

as she sets her sights on the ridiculous side of childhood, adulthood, and daughterhood. It's open season on her love life, from playing a prank on her boyfriend (using a ravioli, a fake autopsy, and the Santa Monica pier) to adopting a dog so she can snuggle with someone who doesn't talk. And everyone better duck for cover when her beach vacation turns into matchmaking gone wild. Outrageously funny and deliciously wicked, *Chelsea Chelsea Bang Bang* is good good good! Chelsea Handler on . . . Being unpopular: "My parents couldn't have been more unreasonable when it came to fads or clothes that weren't purchased at a pharmacy." Living with her boyfriend: "He's similar to a large toddler, the only difference being he doesn't cry when he wakes up." Appreciating her brother: "He's a certified public accountant, and I have a real life." Arm-wrestling a maid of honor: "It wasn't her strength that intimidated me. It was the starry way her eyes focused on me, like Mike Tyson getting ready to feed."
