de Romanis Book 1 Katharine Radice 2020-04-16 This is the new Latin course that you have long been waiting for! An introduction to both the Latin language and the cultural world of the Romans, it also develops English literacy skills through derivation tasks and two-way translation exercises, which promote the understanding of English as well as Latin. Cultural topics, supported by background notes, and primary sources, included for study and analysis, enable students to engage with authentic Roman history and acquire a broad understanding on which to build in future study. - Language learning is split between Core and Additional to ensure effective differentiation and flexible timetabling. - Fun and varied exercises include word identification, word manipulation, vocab acquisition / consolidation, and translation from English into Latin. - 30 words of new vocabulary in each chapter build towards a total of 360. - Vocabulary is consistently and constantly consolidated to give an unshakeable grounding for GCSE. - Clear and systematic explanations of grammar encourage steady progress. - Early use of Latin stories rather than isolated sentences build student confidence from the start. In this first volume students meet the gods and heroes of the Roman world, introduced through stories from Chapter 1 onwards, so that students can immediately read passages of Latin. From myths about the gods to stories about religious customs and festivals, this is the perfect way to learn about the religious framework of Roman daily life. The final chapter on prophecy, ending with stories of historical figures such as Caesar interpreting messages from the gods, prepares for the transition in the second volume to the world of men - and women - of ancient Rome.

Written by the leading scholar of the Tiberian Masoretic tradition, they offer a wealth of new data and revised analysis, and constitute a considerable advance on existing published scholarship. It should stand alongside Israel Yeivin's 'The Tiberian Masorah' as an essential handbook for scholars of Biblical Hebrew, and will remain an indispensable reference work for decades to come. —Dr. Benjamin Outhwaite, Director of the Taylor-Schechter Genizah Research Unit, Cambridge University Library The form of Biblical Hebrew that is presented in printed editions, with vocalization and accent signs, has its origin in medieval manuscripts of the Bible. The vocalization and accent signs are notation systems that were created in Tiberias in the early Islamic period by scholars known as the Tiberian Masoretes, but the oral tradition they represent has roots in antiquity. The grammatical textbooks and reference grammars of Biblical Hebrew in use today are heirs to centuries of tradition of grammatical works on Biblical Hebrew in Europe. The paradox is that this European tradition of Biblical Hebrew grammar did not have direct access to the way the Tiberian Masoretes were pronouncing Biblical Hebrew. In the last few decades, research of manuscript sources from the medieval Middle East has made it possible to reconstruct with considerable accuracy the pronunciation of the Tiberian Masoretes, which has come to be known as the 'Tiberian pronunciation tradition'. This book presents the current state of knowledge of the Tiberian pronunciation tradition of Biblical Hebrew and a full edition of one of the key medieval sources, Hidāyat al-Qāri' 'The Guide for the Reader', by 'Abū al-Faraj Hārūn. It is hoped that the book will help to break the mould of current grammatical descriptions of Biblical Hebrew and form a bridge between modern traditions of grammar and the school of the Masoretes of Tiberias. Links and QR codes in the book allow readers to listen to an oral performance of samples of the reconstructed Tiberian pronunciation by Alex Foreman. This is the first time Biblical Hebrew has been recited with the Tiberian pronunciation for a millennium. Fabulae Ancillantes: Units 3 and 4 North American Cambridge Classics Project 2007-10-15 This collection of ancillary Latin narrative passages is intended to supplement the Cambridge Latin Course, and can be used to provide extra practice in translation and/or comprehension, or to provide material for evaluation purposes on tests and examinations. The stories have served both purposes in the classes for which they have been composed over the last 20 years. The Cambridge Latin Course is successful in its avowed aim to prepare students to read and understand Latin, mainly because its stories are so interesting that students want to be able to read them. That success, however, poses a challenge to the teacher/evaluator. To measure a student's success in achieving the Course's primary aim, the student has to be asked to translate or answer comprehension questions "at sight" on a connected passage of Latin. The Fabulae Ancillantes answer this need, providing passages that are in line with the Cambridge Latin Course, yet are new to the student.

It outlines the main declensions, a range of active tenses and a vocabulary of 275 Latin words to be learned. Pupil confidence is built up by constant consolidation of the material covered. After the preliminaries, each chapter concentrates on stories with one source or subject: the Fall of Troy, the journeys of Aeneas, the founding of Rome and the early kings, providing an excellent introduction to Roman culture alongside the language study.
