*Under the Influence of Classic Country* Sheree Homer 2019-09-23 The music today known as "classic country" originated in the South in the 1920s. Influenced by blues and folk music, instrumentation was typically guitar, fiddle, bass, steel guitar, and later drums, with lyrics and arrangements rooted in tradition. This book covers some of the genre's legendary artists, from its heyday in the 1940s to its decline in the early 1970s. Revivalists keeping the traditions alive in the 21st century are also explored. Drawing on original interviews with artists and their associates, biographical profiles chronicle their lives on the road and in the studio, as well as the stories behind popular songs. Thirty-six performers are profiled, including Ernest Tubb, Ray Price, Loretta Lynn, Bill Anderson, Faron Young, Mickey Gilley, Freddie Hart, Jerry Reed, Charley Pride, David Frizzell, The Cactus Blossoms, The Secret Sisters, and Pokey LaFarge.

**Morgan Hill** U.R. Sharma 2005-07-06 Morgan Hill lies at the foot of stately El Toro Mountain in southern Santa Clara Valley. Martin Murphy Sr. settled here in 1845, and only a generation later the Murphy family had managed to acquire 70,000 acres. Martin's son Daniel owned over a million acres in the western United States when his only daughter, the beautiful Diana, secretly married Hiram Morgan Hill in 1882. Hiram and Diana inherited part of the original ranch, where they built their lovely Villa Mira Monte. Although the Southern Pacific Railroad tried to name the nearby depot "Huntington," passengers always asked to stop at Morgan Hill's ranch, a popular christening of a community surrounded by thriving orchards and vineyards. After World War II, Morgan Hill became a desirable suburb and has remained so through the birth of Silicon Valley.

**Latin American Cinema** Stephen M. Hart 2014-10-15 From El Megano and Black God, White Devil to City of God and Babel, Latin American films have a rich history. In this concise but comprehensive account, Stephen M. Hart traces Latin American cinema from its origins in 1896 to the present day, along the way providing original views of major films and mini-biographies of major film directors. Describing the broad contours of Latin American film and its connections to major historical developments, Hart guides readers through the story of how Hollywood dominance succumbed to the emergence of the Nuevo Cine Latinoamericano and how this movement has led to the "New" New Latin American Cinema of the twenty-first century. He offers a fresh analysis of the effects of major changes in film technology, revealing how paradigm shifts such as the move to digital preceded new cinematographic techniques and visions. He also looks closely at the films themselves, examining how filmmakers express their messages. Finally, he considers the decision by a group of directors to film in English, which enhanced the visibility of Latin American cinema around the world. Featuring 120 illustrations, this clear, cogent guide to the history of this region's cinema will appeal to fans of Central Station and Like Water for Chocolate alike.
