Making Sense of the Troubles David McKittrick 2002-03-18 Compellingly written and even-handed in its judgments, this is by far the clearest account of what has happened through the years in the Northern Ireland conflict, and why. After a chapter of background on the period from 1921 to 1963, it covers the ensuing period—the descent into violence, the hunger strikes, the Anglo-Irish accord, the bombers in England—to the present shaky peace process. Behind the deluge of information and opinion about the conflict, there is a straightforward and gripping story. Mr. McKittrick and Mr. McVea tell that story clearly, concisely, and, above all, fairly, avoiding intricate detail in favor of narrative pace and accessible prose. They describe and explain a lethal but fascinating time in Northern Ireland’s history, which brought not only death, injury, and destruction but enormous political and social change. They close on an optimistic note, convinced that while peace—if it comes—will always be imperfect, a corner has now been decisively turned. The book includes a detailed chronology, statistical tables, and a glossary of terms.

The House of Ashes Stuart Neville 2021-09-07 For fans of Gillian Flynn and Tana French, a chilling story of a Northern Irish murder sixty years buried Sara Keane’s husband, Damien, has uprooted them from England and moved them to his native Northern Ireland for a “fresh start” in the wake of her nervous breakdown. Sara, who knows no one in Northern Ireland, is jobless, carless, friendless—all but a prisoner in her own house. When a blood-soaked old woman beats on the door, insisting the house is hers before being bundled back to her care facility, Sara begins to understand the house has a terrible history her husband never intended for her to discover. As the two women form a bond over their shared traumas, Sara finds the strength to stand up to her abuser, and Mary—silent for six decades—is finally ready to tell her story . . . Through the counterpoint voices—one modern Englishwoman, one Northern Irish farmgirl speaking from half a century earlier—Stuart Neville offers a chilling and gorgeous portrait of violence and resilience in this truly haunting narrative.

The Traveller and Other Stories Stuart Neville 2020-10-06 A darkly glittering collection of Northern Irish noir by Stuart Neville, Los Angeles Times Book Prize-winning author Since his debut novel, the modern classic The Ghosts of Belfast, was published a decade ago, Stuart Neville has written nine other critically acclaimed novels and achieved international recognition as one of crime fiction’s great living writers. Now for

the first time Neville offers readers a collection of his short fiction—twelve chilling stories that traverse and blend the genres of noir, horror, and speculative fiction, and which bring the history and lore of Neville’s native Northern Ireland to life. The Traveller concludes with the long-awaited eponymous novella, the companion piece to The Ghosts of Belfast and Collusion. Complete with a foreword from Irish crime fiction legend John Connolly, this volume is the perfect indulgence for fans of ghost stories and noir, and is a must-have for devotees of Neville’s prizewinning Belfast novels.

Those We Left Behind Stuart Neville 2015-09-22 Blood has always been thicker than water for two Northern Irish brothers caught in the Belfast foster system, but a debt of past violence will be paid by not just them, but also by those they left behind. Ciaran Devine, who made Belfast headlines seven years ago as the “schoolboy killer,” is about to walk free. At the age of twelve, he confessed to the brutal murder of his foster father; his testimony mitigated the sentence of his older brother, Thomas, who was also found at the crime scene, covered in blood. But DCI Serena Flanagan, the only officer who could convince a young, frightened Ciaran to speak, has silently harbored doubts about his confession all this time. Ciaran’s release means several things: a long-anticipated reunion with Thomas, who still wields a dangerous influence over his younger brother; the call-to-action of a man bent on revenge for his father’s death; and major trouble for Ciaran’s assigned probation officer. Meanwhile, Serena Flanagan has just returned to the force from her battle with breast cancer, only to endure the pitying looks of her coworkers and a mountain of open case files. She will soon discover that even closed cases can unleash terror on the streets of Belfast. From the Hardcover edition.

The Ghosts of Belfast Stuart Neville 2016-01-12 "Northern Ireland's troubles may be over, but peace has not erased the crimes of the past. Gerry Fegan, a former paramilitary contract killer, is haunted by the ghosts of the twelve people he slaughtered. ... In order to appease the ghosts, Fegan is going to have to kill the men who gave him orders"--Page [4] of cover.

Tag Man Archer Mayor 2011-09-27 "Archer Mayor's Vermont police procedurals are the best thing going..." --New York Times Book Review Across Brattleboro, Vermont, rich people (some with dark secrets) are waking up in their high security, alarm-equipped homes to find a Post-it note stuck to their bedside tables reading, "You're it." There is little sign of disturbance anywhere, nothing stolen (that anyone admits,) and only a bit of expensive food eaten as a signature. The Press loves the story and dubs the burglar the Tag Man. But who is he? And what's he actually doing? In fact, he's quickly running for his life, for what he discovers in one of these houses appears to be proof of a heinous string of murders. But is it? Joe Gunther, struggling to recover from a devastating personal loss, leads his VBI team to untangle the many conflicting pieces of evidence, while the burglar himself struggles for survival in the no-man's-land between the police and the villains. With no one knowing what to believe, or who to trust, with Tag Man running for his life in a way he never imagined possible, as no one knows who's watching as they sleep, or who truly did what, the Tag Man is critically acclaimed author Archer Mayor at his very finest.

Soccer Vs. the State Gabriel Kuhn 2018-10 Soccer has turned into a multi-billion-dollar industry. Professionalism and commercialization dominate its global image. Yet the game retains a rebellious side, maybe more so than any other sport co-opted by money makers and corrupt politicians. From its roots in working-class England to political protests by players and fans, and a current radical soccer underground, the notion of football as the "people's game" has been kept alive by numerous individuals, teams, and communities. This book not only traces this history, but also reflects on common criticisms: soccer ferments nationalism, serves right-wing powers, and fosters competitiveness. Acknowledging these concerns, alternative perspectives on the game are explored, down to practical examples of egalitarian DIY soccer! Soccer vs. the State serves both as an orientation for the politically conscious football supporter and as an inspiration for those who try to pursue the love of the game away from televisions and big stadiums, bringing it to back alleys and muddy pastures. This second edition has been expanded to cover events of recent years, including the involvement of soccer fans in the Middle Eastern uprisings of 2011-2013, the FIFA scandal of 2015, and the 2017 strike by the Danish women’s team.

Postmodernism and Popular Culture Angela McRobbie 2003-09-02 Postmodernism and Popular Culture brings together eleven recent essays by Angela McRobbie in a collection which deals with the issues which have dominated cultural studies over the last ten years. A key theme is the notion of postmodernity as a space for social change and political potential. McRobbie explores everyday life as a site of immense social and psychic complexity to which she argues that cultural studies scholars must return through ethnic and empirical work; the sound of living voices and spoken language. She also argues for feminists working in the field to continue to question the place and meaning of feminist theory in a postmodern society. In addition, she examines the new youth cultures as images of social change and signs of profound social transformation. Bringing together complex ideas about cultural studies today in a lively and accessible format, Angela McRobbie's new collection will be of immense value to all teachers and students of the subject.

Birdman Mo Hayder 2012-05-08 A serial killer stalks the streets of London in this “top-notch debut thriller”—the first Jack Caffery novel from the acclaimed author of *Gone* (Kirkus Reviews). In his first case as lead investigator with London’s murder squad, Det. Inspector Jack Caffery is called on to investigate the murder of a young woman whose body has been discovered near the Millennium Dome in Greenwich, southeast London. Mutilated beyond recognition, the victim is soon joined by four others discovered in the same area—all female and all ritualistically murdered. And when the postmortem examination reveals a gruesome signature connecting the victims, Caffery realizes exactly what he’s dealing with—a dangerous serial killer. A finalist for the Edgar Award, *Birdman* explores the darkest reaches of the human mind and introduces a fascinating detective to the world of British crime fiction. “Treading the grisly path blazed by Thomas Harris in 1981 with *Red Dragon*, promising newcomer Hayder crafts a blood-curdlingly creepy debut thriller.” —Publishers Weekly, starred review “A deftly plotted assault on the nerves . . . Birdman preys on the reader’s expectations expertly, and Hayder handles her story’s complicated time scheme with enviable assurance. Graphic, disturbing, splendidly readable.” —Kirkus Reviews

Luminarium Alex Shakar 2011-08-23 This Los Angeles Times Book Prize–winning novel is a “dizzily smart and provocative” look at technology, spirituality, and the search for meaning (Dave Eggers). A Washington Post Notable Book of the Year Named a Best Book of the Year by Publishers Weekly, Booklist, Austin Chronicle, and Kansas City Star Twin brothers Fred and George Brounian were once co-CEOs of a New York City software company devoted to the creation of utopian virtual worlds. Now, as two wars rage and the fifth anniversary of 9/11 approaches, George is in a coma; control of the company has been wrenched away by a military contracting conglomerate; and Fred has moved back in with his parents. Broke and alone, Fred is led by an attractive woman into a neurological study promising to give him “peak” experiences and a newfound spiritual outlook on life. But as the study progresses, reality becomes increasingly porous—and he finds himself caught up in what seems at first a cruel prank: a series of bizarre emails and texts that purport to be from his comatose brother. Moving between the research hospitals of Manhattan, the streets of a meticulously planned Florida city, the neighborhoods of Brooklyn, and the uncanny, immersive worlds of urban disaster simulation; threading through military listserv geek-speak, Hindu cosmology, outmoded self-help books and the latest neuroscientific breakthroughs, *Luminarium* is a brilliant examination of the way we live now, a novel as much about the role technology and spirituality play in shaping our reality as about the undying bond between brothers, and the redemptive possibilities of love.

The Final Silence Stuart Neville 2014-10-28 Stuart Neville, “the current master of neo-noir detective fiction” (Boston Globe), is back with a chilling new thriller Belfast, Northern Ireland: Rea Carlisle has inherited a house from an uncle she never knew. It doesn't take her long to clear out the dead man's remaining possessions, but one room remains stubbornly locked. When Rea finally forces it open, she discovers inside a chair, a table—and a leather-bound book, its pages filled with locks of hair, fingernails: a catalogue of victims. Horrified, Rea wants to go straight to the police but her family intervenes, fearing that scandal will mar her politician father's public image. Rea turns to the only person she can think of: disgraced police inspector Jack Lennon. He is facing suspension from the force and his new supervisor, DCI Serena Flanagan, is the toughest cop he's ever met. But a gruesome murder brings the dead man's terrifying journal to the top of the Belfast police's priority list.

The Cold Cold Ground Adrian McKinty 2019-05-28 McKinty’s previous book, *Falling Glass*, was an Audible.com Best Thriller of 2011 Northern Ireland, spring 1981. Hunger strikes, riots, power cuts, a homophobic serial killer with a penchant for opera, and a young woman’s suicide that may yet turn out to be murder: on the surface, the events are unconnected, but then things—and people—aren’t always what they seem. Detective Sergeant Duffy is the man tasked with trying to get to the bottom of it all. It’s no easy job—especially when it turns out that one of the victims was involved in the IRA but was last seen discussing business with someone from the loyalist Ulster Volunteer Force. Add to this the fact that, as a Catholic policeman, it doesn’t matter which side he’s on, because nobody trusts him, and Sergeant Duffy really is in a no-win situation. Fast-paced, evocative, and brutal, *The Cold Cold Ground* is a brilliant depiction of Belfast at the height of the Troubles—and of a cop treading a thin, thin line.

Ratlines Stuart Neville 2013-01-01 Ireland 1963. As the Irish people prepare to welcome President John F. Kennedy to the land of his ancestors, a German national is murdered in a seaside guesthouse. Lieutenant Albert Ryan, Directorate of Intelligence, is ordered to investigate. The German is the third foreigner to die within a few days, and Minister for Justice Charles Haughey wants the killing to end lest a shameful secret be exposed: the dead men were all Nazis granted asylum by the Irish government in the years following World War II. A note from the killers is

found on the dead German's corpse, addressed to Colonel Otto Skorzeny, Hitler's favorite commando, once called the most dangerous man in Europe. The note simply says: "We are coming for you." As Albert Ryan digs deeper into the case he discovers a network of former Nazis and collaborators, all presided over by Skorzeny from his country estate outside Dublin. When Ryan closes in on the killers, his loyalty is torn between country and conscience. Why must he protect the very people he fought against twenty years before? Ryan learns that Skorzeny might be a dangerous ally, but he is a deadly enemy.

Black and Blue Ian Rankin 2012-02-01 Rebus is juggling four cases trying to nail one killer - who might just lead back to the infamous Bible John. And he's doing it under the scrutiny of an internal inquiry led by a man he has just accused of taking backhanders from Glasgow's Mr Big. As if this wasn't enough, there are TV cameras at his back investigating a miscarriage of justice, making Rebus a criminal in the eyes of a million or more viewers. Just one mistake is likely to mean an unpleasant and not particularly speedy death or, worse still, losing his job.

Henry More (1614–1687) Tercentenary Studies S. Hutton 1989-11-30 Of all the Cambridge Platonists, Henry More has attracted the most scholarly interest in recent years, as the nature and significance of his contribution to the history of thought has come to be better understood. This revival of interest is in marked contrast to the neglect of More’s writings lamented even by his first biographer, Richard Ward, a regret echoed two centuries after his 1 death. Since then such attention as there has been to More has not always served him well. He has been dismissed as credulous on account of his belief in witchcraft while his reputation as the most mystical of the Cambridge 2 school has undermined his reputation as a philosopher. Much of the interest in More in the present century has tended to focus on one particular aspect of his writing. There has been considerable interest in his poems. And he has come to the attention of philosophers thanks to his having corresponded with Descartes. Latterly, however, interest in More has been rekindled by renewed interest in the intellectual history of the seventeenth century and Renaissance. And More has been studied in the context of seventeenth-cen tury science and the wider context of seventeenth-century philosophy. Since More is a figure who belongs to the Renaissance tradition of unified sapientia he is not easily compartmentalised in the categories of modern disciplines. Inevitably discussion of anyone aspect of his thought involves other aspects.

Time Passages George Lipsitz 1997

Stolen Souls Stuart Neville 2011-10-04 Detective Inspector Jack Lennon of the Belfast Police has watched the developing cooperation between Northern Ireland's Loyalist gangs and immigrant Lithuanian criminals with unease. The Lithuanians traffic women from Eastern Europe and Asia for the Loyalists' brothels, and they're all making big money in spite of the recession that has stopped Northern Ireland's peace boom in its tracks. Lennon has a more intimate knowledge of the city's brothels than he'll ever admit, but the surge in trafficked girls makes him question his lifestyle, especially considering he has his daughter, Ellen, to care for now. When a Lithuanian trafficker turns up dead on Christmas Eve with a shard of glass embedded in his throat, Lennon's plans to spend the holiday with Ellen are put in jeopardy. The dead man was the younger brother of a ruthless Lithuanian crime boss, Arturas Strazdas, and the young Ukrainian woman who killed him has escaped her captors. Now Strazdas holds the Loyalists responsible and won't let up until everyone involved has paid. A bloody gang war erupts across the city. Meanwhile, somewhere in Belfast, Galya, the Ukrainian girl, is running for her life, alone and scared, clinging to the darkest corners as the frozen streets empty for the holiday. Galya's captors told her how the police deal with illegal immigrants, that she is a criminal in a foreign land, and the law will not help her. And now she is also a murderer. She cannot be discovered by anyone, not the cops, not the gang who held her prisoner. There is only one person she can go to: a man she met on her first day as a prostitute, a friend who gave her a crucifix and an address to run to if she ever got away. He'd saved four prostitutes before her, he's told her, and she can be his fifth. But when Galya arrives at the address, she finds something more evil than she had ever imagined.

Collusion Stuart Neville 2010-09-06 A merciless assassin stalks Belfast and Detective Inspector Jack Lennon has been assigned to the case. The Palgrave Handbook of Male Psychology and Mental Health John A. Barry 2019-03-01 This Handbook represents the first concerted effort to understand male mental health in a way that facilitates a positive step forward in both theory and treatment. An alarming number of men experience serious mental health issues, as demonstrated by high rates of suicide and violent offending. Despite these problems, the study of male psychology has either been overlooked, or viewed as a problem of defective masculinity. This handbook brings together experts from across the world to discuss men’s mental health, from prenatal development, through childhood, adolescence, and fatherhood. Men and masculinity are explored from multiple perspectives including evolutionary, cross-cultural, cognitive, biological, developmental, and existential viewpoints, with a focus on practical suggestions and demonstrations of successful clinical work with men. Throughout, chapters question existing models of understanding and treating men’s mental health and explore new approaches, theories and interventions. This definitive handbook encapsulates a new wave of positive theory and practice in the field of male psychology and will be of great value to professionals, academics, and those working with males through the lifespan in any sector related to male mental health and wellbeing.
