**The Dark Queens**
Shelley Puhak 2022-02-22
“A well-researched and well-told epic history. The Dark Queens brings these courageous, flawed, and ruthless rulers and their distant times back to life.”--Margot Lee Shetterly, New York Times-bestselling author of Hidden Figures
The remarkable, little-known story of two trailblazing women in the Early Middle Ages who wielded immense power, only to be vilified for daring to rule. Brunhild was a foreign princess, raised to be married off for the sake of alliance-building. Her sister-in-law Fredegund started out as a lowly palace slave. And yet-in sixth-century Merovingian France, where women were excluded from noble succession and royal politics was a blood sport-these two iron-willed strategists reigned over vast realms, changing the face of Europe. The two queens commanded armies and negotiated with kings and popes. They formed coalitions and broke them, mothered children and lost them. They fought a decades-long civil war-against each other. With ingenuity and skill, they battled to stay alive in the game of statecraft, and in the process laid the foundations of what would one day be Charlemagne’s empire. Yet after the queens’ deaths-one gentle, the other horrific-their stories were rewritten, their names consigned to slander and legend. In The Dark Queens, award-winning writer Shelley Puhak sets the record straight. She resurrects two very real women in all their complexity, painting a richly detailed portrait of an unfamiliar time and striking at the roots of some of our culture’s stubbornest myths about female power. The Dark Queens offers proof that the relationships between women can transform the world.

**The Fossil Hunter**
Shelley Emling 2009-10-13
At a time when women were excluded from science, a young girl made a discovery that marked the birth of paleontology and continues to feed the debate about evolution to this day. Mary Anning was only twelve years old when, in 1811, she discovered the first dinosaur skeleton--of an ichthyosaur--while fossil hunting on the cliffs of Lyme Regis, England. Until Mary’s incredible discovery, it was widely believed that animals did not become extinct. The child of a poor family, Mary became a fossil hunter, inspiring the tongue-twister, “She Sells Sea Shells by the Seashore.” She attracted the attention of fossil collectors and eventually the scientific world. Once news of the fossils reached the halls of academia, it became impossible to ignore the truth. Mary’s peculiar finds helped lay the groundwork for Charles Darwin’s theory of evolution, laid out in his On the Origin of Species. Darwin drew on Mary’s fossilized creatures as irrefutable evidence that life in the past was nothing like life in the present. A story worthy of Dickens, The Fossil Hunter chronicles the life of this young girl, with dirt under her fingernails and not a shilling to buy dinner, who became a world-renowned paleontologist. Dickens himself said of Mary: “The carpenter’s daughter has won a name for herself, and deserved to win it.” Here at last, Shelley Emling returns Mary Anning, of whom Stephen J. Gould remarked, is “probably the most important unsung (or inadequately sung) collecting force in the history of paleontology,” to her deserved place in history.

MacKayla Lane's life is good. She has great friends, a decent job, and a car that breaks down only every other week or so. In other words, she’s your perfectly ordinary twenty-first-century woman. Or so she thinks. . . . until something extraordinary happens. When her sister is murdered, leaving a single clue to her death—a cryptic message on Mac’s cell phone—Mac journeys to Ireland in search of answers. The quest to find her sister’s killer draws her into a shadowy realm where nothing is as it seems, where good and evil wear the same treacherously seductive mask. She is soon faced with an even greater challenge: staying alive long enough to learn how to handle a power she had no idea she possessed—a gift that allows her to see beyond the world of man, into the dangerous realm of the Fae. . . . As Mac delves deeper into the mystery of her sister’s death, her every move is shadowed by the dark, mysterious Jericho, a man with no past and only mockery for a future. As she begins to close in on the truth, the ruthless Vlane—an alpha Fae who makes sex an addiction for human women—closes in on her. And as the boundary between worlds begins to crumble, Mac’s true mission becomes clear: find the elusive

Sinsar Dubh before someone else claims the all-powerful Dark Book—because whoever gets to it first holds nothing less than complete control of the very fabric of both worlds in their hands. . . .
