Human Resources Management in the Hospitality Industry David K. Hayes 2009 A comprehensive guide to managing human resources in the hospitality industry Managing human resources in the hospitality industry presents special challenges, including highly diverse employee backgrounds and roles, an ever-present focus on guest services, and organizational structures that often diverge from generic corporate models. By making such industry-specific concerns the cornerstone of its approach, "Human Resources Management in the Hospitality Industry" provides the definitive guide to successfully employing people in a hospitality organization. The book approaches hospitality human resource (HR) management as a decision-making practice that affects the performance, quality, and legal compliance of the hospitality business as a whole. Beginning with a foundation in the hospitality industry, employment law, and HR policies, the coverage includes recruitment, training, compensation, performance appraisal, environmental and safety concerns, ethics and social responsibility, and special issues. Throughout the book, "Human Resources Management in the Hospitality Industry" focuses on unique HR dilemmas faced by managers in the hospitality industry, including: Understanding the needs of a broad employee group, from hourly workers with tip credit eligibility questions to high-level accountants ensuring Sarbanes-Oxley compliance How hospitality managers who must act as one-person HR departments can make effective decisions and understand the consequences to themselves, their workers, and employers Working with labor unions in the hospitality industry using the labor-related legislation that affects the industry Managing employees in a global hospitality enterprise Practical and realistic case studies and numerous examples from various hospitality operations bring the material alive. Internet activities, learning objectives, "It's the Law" features, current events discussions, review questions, and other important features also help create a dynamic learning experience for readers. Written by two authors experienced in both hospitality management and education, "Human Resources Management in the Hospitality Industry" represents the most comprehensive, technically accurate, and valuable resource available on the topic.

Hospitality Technology 2009

Hospitality Financial Management Agnes L. DeFranco 2006-10-20 Real-world advice for quick retention of the most important business concepts and skills of hospitality finance Hospitality Financial Management provides a straightforward, practical approach to help the hospitality manager effectively analyze hospitality industry management reports and financial statements; prepare accurate business forecasts, strategic pricing models, and effective cost-control systems; manage working capital; develop and finance growth strategies; perform investment analysis; prepare investment packages; negotiate and structure business deals; and ultimately increase shareholder value and personal wealth. Individual Employment Rights Cases 2005

The Busy Leader's Handbook Quint Studer 2019-09-24 A comprehensive book of "need-to-know" insights for busy leaders Being a great leader means getting the fundamentals right. It also means consistently doing the "little things" that make a positive difference in the lives of employees, customers, and other stakeholders. The Busy Leader's Handbook: How to Lead People and Places That Thrive is a practical, easy-to-use book filled with gentle reminders of what we should be doing every day—especially when work is at its most intense. The Handbook is packed with proven best practices, tools, tips, and tactics for engaging employees, revitalizing cultures, delighting customers, and building high-performance companies. Short, succinct, and accessible, each chapter is "stand-alone," offering helpful advice for meeting common business challenges. Plus, the strategies, approaches, and tactics are designed to be put into action immediately. Best-selling author, businessman, visionary, and entrepreneur Quint Studer draws on his 30-plus years of experience in helping organizations of all sizes and leaders at every level reach peak performance.

Comprehensive in scope, his book overflows with insights and practical advice to help you make smart leadership decisions. For example: Why putting the right foundational structures in place early on creates clarity and heads off problems that cause businesses to struggle and fail The importance of followership: why being a good leader requires that you first be a good follower Why we tend to run from self-disruption and a sense of being unsettled (and how to learn to embrace them instead) Why leaders should seek consent, not consensus How to engage employees and create a positive workplace culture How to help employees find meaning and purpose in their work How to conduct difficult conversations and resolve conflicts—and why having these skills (or not) can make or break you as a leader Advice for attracting and hiring the best talent, retaining them over time, and dealing with the low performers who drive them away Why mentoring is so powerful and how to encourage it inside your company Tips and tactics for seeing the world through your customer's eyes How to reduce customer anxiety (and encourage them to buy) with the right words at the right times for the right reasons The Busy Leader's Handbook functions as a desk reference and pocket guide for anyone in a leadership position. It's also a great training tool for onboarding new leaders. Whether you work for a start-up, a small or mid-size business, or a large corporation, this book will change how you think, inspire you to do your job better—and help your organization thrive.

Change to Strange Daniel M. Cable 2007-04-26 To achieve sustained competitive advantage, you must create and deliver something that's valuable, rare, and hard to imitate—and you can't do that with a run-of-the-mill workforce. Your workforce needs to be strikingly different, obsessively focused on delivering on your unique value proposition. Compared with everyone else's workforce, your people need to be downright strange! This book is about everything it takes to build a workforce that's strange and extraordinary enough to execute your most powerful strategies and your unique value proposition. It's about understanding exactly how your workforce needs to be different...creating an end-to-end Strange Workforce Value Chain...implementing workforce systems that support your unique goals...establishing detailed metrics based on what makes you unique...using those metrics to drive clarity throughout your entire organization, and steer it toward success. If you're tasked with executing strategy through people, and "balanced scorecards" and "strategy maps" just haven't been enough, take your next and greatest leap forward: make the Change to Strange. · Why "normal" workforces just won't cut it anymore Everyone says their people make the difference. Most everyone's wrong. · Create your strange workforce in four steps Imagine, pinpoint your gaps, prioritize, and act. · What your customers must notice for you to win Link your real performance drivers to specific workforce deliverables. · Research your workforce to break from the pack Organize to get strategic results from the right people. · Leverage the magic of measurement Implement metrics that work—and keep them working.

Make It Count! Getting the Most from a Hospitality Internship Michael Dwain Collins 2017-01-06

The Cambridge Handbook of Technology and Employee Behavior Richard N. Landers 2019-02-14 Experts from across all industrial-organizational (IO) psychology describe how increasingly rapid technological change has affected the field. In each chapter, authors describe how this has altered the meaning of IO research within a particular subdomain and what steps must be taken to avoid IO research from becoming obsolete. This Handbook presents a forward-looking review of IO psychology's understanding of both workplace technology and how technology is used in IO research methods. Using interdisciplinary

perspectives to further this understanding and serving as a focal text from which this research will grow, it tackles three main questions facing the field. First, how has technology affected IO psychological theory and practice to date? Second, given the current trends in both research and practice, could IO psychological theories be rendered obsolete? Third, what are the highest priorities for both research and practice to ensure IO psychology remains appropriately engaged with technology moving forward?

Consultants and Consulting Organizations Directory 2006

Old Man Winter: Heavenly Gates Michael Cook 2021-05-09 If you like The Shining, The Sixth Sense, and The Haunting of Hill House, you'll love this book. In the winter of 1974, Old Man Winter came calling, again. In August of '74, Detective Penelope Bryce had just won her four-year legal battle with the City of Philadelphia and finally earned her Detective Badge. Her first case ended up being her last. Penny's new partner, Detective Frank Bruno, was wrestling with his own demons when he came across Old Man Winter himself, Garrison Winter. The grizzled detective would finally meet his match. Detectives Bryce and Bruno would attempt to chase down the man they suspected in the disappearances of nine elderly people across seven states and five decades. Who was the phantom, the ghost, or the devil that they were chasing? Only death would answer their question.

A Bird In The Deep James Krouse 2019-10-08 Deep in the English Channel lies the wreck of a US Navy vessel sunk during the Battle of Normandy. Her rotting decks and silt-filled chambers once staged a human drama that may have inspired Herman Wouk's World War II novel, The Caine Mutiny. This is the true story of the USS Partridge and the real-life heroes who served aboard her in some of the most treacherous waters of the war. The crew's struggle to serve under a captain losing his grip on command brought them to the brink of mutiny, just as the ship was facing her greatest mission yet. From the submarine-infested Caribbean to treacherous North Atlantic crossings to Normandy beaches, A Bird in the Deep tells a story of friendship, heroism, and the true nature of leadership during a time of war.

Hospitality Marketing David Bowie 2016-10-04 This introductory textbook shows you how to apply the principles of marketing within the hospitality industry. Written specifically for students taking marketing modules within a hospitality course, it contains examples and case studies that show how ideas and concepts can be successfully applied to a real-life work situation. It emphasizes topical issues such as sustainable marketing, corporate social responsibility and relationship marketing. It also describes the impact that the internet has had on both marketing and hospitality, using a variety of tools including a wide range of internet learning activities. This 3rd Edition has been updated to include: Coverage of hot topics such as use of technology and social media, power of the consumer and effect on decision making, innovations in product design and packaging, ethical marketing and sustainability marketing Updated online resources including: power point slides, test bank of questions, web links and additional case studies New and updated international case studies looking at a broad range of hospitality settings such as restaurants, cafes and hotels New discussion questions to consolidate student learning at the end of each chapter.

The Fissured Workplace David Weil 2014-02-17 In the twentieth century, large companies employing many workers formed the bedrock of the U.S. economy. Today, on the list of big business's priorities, sustaining the employer-worker relationship ranks far below building a devoted customer base and delivering value to investors. As David Weil's groundbreaking analysis shows, large corporations have shed their role as direct employers of the people responsible for their products, in favor of outsourcing work to small companies that compete fiercely with one another. The result has been declining wages, eroding benefits, inadequate health and safety protections, and ever-widening income inequality. From the perspectives of CEOs and investors, fissuring--splitting off functions that were once managed internally--has been phenomenally successful. Despite giving up direct control to subcontractors and franchises, these large companies have figured out how to maintain the quality of brand-name products and services, without the cost of maintaining an expensive workforce. But from the perspective of workers, this strategy has meant stagnation in wages and benefits and a lower standard of living. Weil proposes ways to modernize regulatory policies so that

employers can meet their obligations to workers while allowing companies to keep the beneficial aspects of this business strategy.

Directory of Corporate Counsel Wolters Kluwer Editorial Staf 2021-08-25 The Directory of Corporate Counsel, Fall 2021 Edition remains the only comprehensive source for information on the corporate law departments and practitioners of the companies of the United States and Canada. Million Dollar Directory Dun and Bradstreet, inc 2005

Revenue Management for the Hospitality Industry David K. Hayes 2010-10-19 Revenue Management for the Hospitality Industry is filled with practical examples and best practices on the topic of revenue management, a critical aspect of the industry. Through numerous revenue management examples from the hospitality industry and a running case example throughout the book, students will discover how they can incorporate revenue management principles and best practices. The core of revenue management of a hospitality organisation is to, as the authors explain, "charge the right price, to the right customer, for the right product, through the right channel, at the right time." The book is intended for students with prior knowledge and understanding of the hospitality industry, and will explain what they need to know and how to be successful.
