Code Name Camelot - A Noah Wolf Thriller David Archer 2016-02-19 "AMAZON #1 BESTSELLING AUTHOR" ONE OF THE BEST NEW VOICES IN THE ACTION THRILLER GENRE David Archer is back with a vengeance with his newest hero, Noah Wolf. After fans raved about his debut series, The Sam Prichard Novels, Archer now is about to back even harder. People are already throwing out names like Mitch Rapp and Alex Cross, but don't take my word for it. See what all the fuss is about before Archer becomes a household name! After witnessing the murder-suicide of his parents as a child, Noah suffers from a form of PTSD that has left him without emotion, without a conscience and without the ability to function as a normal human being. With the help of childhood friends, he learns to watch others around him and mimic their behaviors, in order to conceal the fact that his mind operates more like a computer that he has spent years programming. That program is what allows Noah to pass himself off as normal, by establishing parameters of right and wrong that are completely inviolable to him. As a young adult, Noah finds structure in the U.S. Army, and becomes an excellent and exemplary soldier, but when his self-imposed programming is put to the test by the murderous acts of the superior officer, Noah finds himself quickly made expendable, charged with crimes he did not commit and facing the possibility of execution. Without any reasonable hope for a reprieve, Noah's logic-based mind accepts his fate. Sometimes, though, things are not all as they seem to be, and Noah is offered one chance to save himself. It was his disability, his lack of emotion, that made him the soldier he had become. Now, an ultrasecret organization known as E & E wants Noah's talents, offering him a chance to survive... As the most deadly assassin the world has ever known."

Target Zero (An Agent Zero Spy Thriller-Book #2) Jack Mars 2019-06-28 "One of the best thrillers I have read this year." --Books and Movie Reviews (re Any Means Necessary) In this follow up to book #1 (AGENT ZERO) in the Agent Zero spy series, TARGET ZERO (Book #2) takes us on another wild, action-packed ride across Europe as elite CIA agent Kent Steele is summoned to stop a biological weapon before it devastates the world--all while grappling with his own memory loss. Life returns only fleetingly back to normal for Kent before he finds himself summoned by the CIA to hunt down terrorists and stop another international crisis--this one even more potentially devastating than the last. Yet with an assassin hunting him down, a conspiracy within, moles all around him and with a lover he can barely trust, Kent is setup to fail. His memory is quickly returning, though, and with it, flashes into the secrets of who he was, what he'd discovered, and why they are after him. His own identity, he realizes, may be the most perilous secret of all. TARGET ZERO is an espionage thriller that will keep you turning pages late into the night.

"Thriller writing at its best." --Midwest Book Review (re Any Means Necessary) Also available is Jack Mars' #1 bestselling LUKE STONE THRILLER series (7 books), which begins with Any Means Necessary (Book #1), a free download with over 800 five star reviews!

Twinkle, Twinkle, Little Spy Len Deighton 2021-09-30 'The master at his peak' Daily Telegraph A Russian scientist is defecting to the West, in order to realize his dreams of contacting extra-terrestrial life among the stars. But when an insubordinate British agent and a

top CIA operative are sent to the Sahara desert to bring him in, things don't go to plan. The result is a violent chase stretching across three continents, where loyalties - between spies, partners, nations and lovers - become fatally divided. 'Classic, world-ranging, marvellously knowledgeable ... in a word, quality' The Times 'Tightly and complicatedly plotted, so credible in detail' Financial Times A PATRICK ARMSTRONG NOVEL **Able Archer 83** Nate Jones 2016-11-01 In November 1983, Soviet nuclear forces went on high alert. After months nervously watching increasingly assertive NATO military posturing, Soviet intelligence agencies in Western Europe received flash telegrams reporting alarming activity on U.S. bases. In response, the Soviets began planning for a countdown to a nuclear first strike by NATO on Eastern Europe. And then Able Archer 83, a vast NATO war game exercise that modeled a Soviet attack on NATO allies, ended. What the West didn't know at the time was that the Soviets thought Operation Able Archer 83 was real and were actively preparing for a surprise missile attack from NATO. This close scrape with Armageddon was largely unknown until last October when the U.S. government released a ninety-four-page presidential analysis of Able Archer that the National Security Archive had spent over a decade trying to declassify. Able Archer 83 is based upon more than a thousand pages of declassified documents that archive staffer Nate Jones has pried loose from several U.S. government agencies and British archives, as well as from formerly classified Soviet Politburo and KGB files, vividly recreating the atmosphere that nearly unleashed nuclear war.

Egghead Bo Burnham 2013-10-01 A strange and charming collection of hilariously absurd poetry, writing, and illustration from one of today's most popular young comedians... EGGHEAD: Or, You Can't Survive on Ideas Alone Bo Burnham was a precocious teenager living in his parents' attic when he started posting material on YouTube. 100 million people viewed those videos, turning Bo into an online sensation with a huge and dedicated following. Bo taped his first of two Comedy Central specials four days after his 18th birthday, making him the youngest to do so in the channel's history. Now Bo is a rising star in the comedy world, revered for his utterly original and intelligent voice. And, he can SIIIIIIIIING! In EGGHEAD, Bo brings his brand of brainy, emotional comedy to the page in the form of off-kilter poems, thoughts, and more. Teaming up with his longtime friend, artist, and illustrator Chance Bone, Bo takes on everything from death to farts in this weird book that will make you think, laugh and think, "why did I just laugh?"

The Seventh Plague James Rollins 2016-12-13 Synopsis coming soon.....

False Impression Jeffrey Archer 2006 When an aristocratic old lady is brutally murdered in her country home the night before 9/11, it takes all the resources of the FBI and Interpol to work out the connection between her and the possible motive for her death -- a priceless Van Gogh painting. It's a young woman in the North Tower when the first plane crashed into the building who has the courage and determination to take on both sides of the law and avenge the old lady's death. Anna Petrescu is missing, presumed dead, after 9/11 and she uses her new status to escape from America, only to be pursued across the world from

Toronto to London, to Hong Kong, Tokyo and Bucharest, but it is only when she returns to New York that the mystery unfolds. Why are so many people willing to risk their own lives and others' to own the Van Gogh Self-Portrait with Bandaged Ear?

Spycraft Patrick Kapera 2002-01-01

Double Wide Gretchen Archer 2021-06-22 The tenth book in the Davis Way Crime Caper Mystery Series

The Catch Archer Mayor 2008-09-30 Joe Gunther, a Vermont cop for most of his adult life and now the head of the VBI (Vermont Bureau of Investigation) gets the call that every law enforcement person hates and every friend and family member of a policeman fears -- a cop has been shot and killed. A deputy sheriff was shot to death during a routine traffic stop on a dark country road. From what can be seen on the cruiser's tape recorder of the killers, it is believed that they were a couple of Boston-based drug runners who had been stopped by the deputy on their way from Canada down to Boston. Which is what brings Gunther and his team to the investigation - an attempt to shut down the major drug running operation. Specially that of one Alan Budney, disaffected son of a lobsterman, now a drug kingpin, who uses the closed, clannish lobster fishing community and his extended family in particular, to move drugs along the New England coast. The most recent book - and last from Grand Central - Chat, has spent four week on the extended Booksense bestseller list and, as always, has been on the NEBA bestseller list since publication. He is the winner of the 2004 New England Booksellers Association Award for Best Fiction.

Hey Warrior Karen Young 2018-09-27 Kids can do amazing things with the right information. Understanding why anxiety feels the way it does and where the physical symptoms come from is a powerful step in turning anxiety around.

Failure Is an Option H. Jon Benjamin 2019-05-07 "Writing this funny requires immense talent." -AV Club H. Jon Benjamin--the lead voice behind Archer and Bob's Burgers--helps us all feel a little better about our own failures by sharing his own in a hilarious memoir-ish chronicle of failure. Most people would consider H. Jon Benjamin a comedy show business success. But he'd like to remind everyone that as great as success can be, failure is also an option. And maybe the best option. In this book, he tells stories from his own life, from his early days ("wherein I'm unable to deliver a sizzling fajita") to his romantic life ("how I failed to quantify a threesome") to family ("wherein a trip to P.F. Chang's fractures a family") to career ("how I failed at launching a kid's show"). As Jon himself says, breaking down one's natural ability to succeed is not an easy task, but also not an insurmountable one. Society as we know it is, sadly, failure averse. But more acceptance of failure, as Jon sees it, will go a long way to making this world a different place . . . a kinder, gentler place, where gardens are overgrown and most people stay home with their pets. A vision of failure, but also a vision of freedom. With stories, examples of artistic and literary failure, and a powerful can't-do attitude, Failure Is an Option is the book the world doesn't need right now but will get regardless.

The Essential Guide to Remote Viewing Paul H. Smith 2015-05-31 Written by one of the world's leading experts in the field, The Essential Guide to Remote Viewing is a basic introduction to the extraordinary extrasensory perceptual skill which was developed for the US military during the Cold War. This book describes what remote viewing is, how it came to be, what kinds of remote viewing there are, and counters skeptical arguments against remote viewing's legitimacy. Further, the book contains examples of successful remote viewing attempts, explains how remote viewing can be used for practical purposes, how ordinary civilians can themselves now learn to do it, and outlines experiments that readers can try for themselves. The ideal reader of The Essential Guide to Remote Viewing will be someone who knows little or nothing about remote viewing and wants an inexpensive source for credible information. Others who will be interested are those who are involved in remote viewing and want an easily-accessible introduction to give to friends or relatives who have questions about what this thing is their loved ones have gotten involved with. Finally, those who are already involved with remote viewing but feel the need to extend

their basic knowledge will find this book both interesting and useful.

How to Archer Sterling Archer 2012-01-17 Hi. I see you're reading the back of my book. This tells me that you either: A) are hoping to find a brief summary of what to expect from a how-to book by Sterling Archer, the world's greatest secret agent, or B) don't know how books work. If your answer was "A," your best bet is probably the table of contents, which is where you'll find the "contents" of this book listed in a convenient, easy-to-read "table" format. So maybe go check that out for a minute and then come back here. I'll wait. . . . Pretty cool, right? What other book will teach you how to dress properly and how to drive an elephant? How to field strip an AK-47 and how to haggle with a Thai prostitute--in her native tongue? How to pilot an airboat and how to make about a million delicious cocktails, including a Molotov one? How to kill a guy and how to prepare a fabulous brunch? Plus how to do tons of other stuff that I forgot, but that is nonetheless probably in this book (which, to be honest, I really only kinda skimmed). So if you want to learn more about how to be more--or at all--like Sterling Archer, the world's greatest secret agent, quit smearing your greasy fingerprints all over this book and buy it. For one thing, I really need the royalties. For another thing, the last time I checked, this wasn't a damn library. (Note: If your answer was "B," this probably isn't the book you want to start with.)

How to Make Money in Your Spare Time J M.r. Rice 2014-04-04 A comical look on how to earn extra cash in a "not so legitimate" way. This book takes advice from the Mafia, to politicians, giving insight to readers on how quickly money can be made in the underworld.

Circle of Treason Sandra Grimes 2012-12-15 Circle of Treason details the authors' personal involvement in the hunt for and eventual identification of a Soviet mole in the CIA during the 1980s and 1990s. The search for the presumed traitor was necessitated by the loss of almost all of the CIA's large stable of Soviet intelligence officers working for the United States against their homeland. Aldrich Ames, a long-time acquaintance and co-worker of the authors in the Soviet-East European Division and Counterintelligence Center of CIA, turned out to be that mole. In April 1985 Ames walked in to the Soviet Embassy in Washington, D. C. and volunteered to the KGB, working for the Soviet Union for nine years until his arrest by the FBI in February 1994. Ames was arguably one of the most destructive traitors in American history, and is most well-known for providing information which led to the death of at least 11 Soviet intelligence officers who spied for the West. The authors participated in the majority of these cases and the book provides detailed accounts of the operational contact with the agents as well as other similar important cases with which the authors also had personal involvement. The stories of the brave men who were executed or imprisoned by the Soviet Union include GRU General Dmitriy Fedorovich Polyakov, KGB Colonel Leonid Georgiyevich Poleshchuk, KGB Colonel Vladimir Mikhaylovich Piguzov, GRU technical officer Nikolay Chernov, GRU Lieutenant Colonel Boris Nikolayevich Yuzhin, KGB scientific and technical officer Vladimir Ippolitovich Vetrov, GRU Colonel Vladimir Mikhaylovich Vasilyev, GRU officer Gennadiy Aleksandrovich Smetanin, KGB illegals support officer Gennadiy Grigoryevich Varenik, KGB scientific and technical officer Valeriy Fedorovich Martynov, KGB political intelligence officer Sergey Mikhaylovich Motorin, KGB officer Sergey Vorontsov, and Soviet scientist Adolf Grigoryevich Tolkachev. Other operations include KGB technical officer Viktor Ivanovich Sheymov, GRU Colonel Sergey Ivanovich Bokhan, and KGB Colonel Aleksey Isidorovich Kulak. Of particular note in the preceding list of agents compromised by Aldrich Ames is GRU General Dmitriy Fedorovich Polyakov, the highest-ranking spy ever run by the U.S. government against the Soviet Union during the Cold War. Described as the "Crown Jewel", he provided the U.S. with a treasure trove of information during his 20-plus year history of cooperation. The book also covers the aftermath of Aldrich Ames arrest: the Congressional wrath on CIA for not identifying him sooner; FBI/CIA debriefings of Ames following his plea bargain; a retrospective of Ames the person and Ames the spy; and a comparison of Ames and FBI special agent and Soviet spy Robert Hanssen, arrested in February 2001 and sentenced to life in prison for spying for the Soviet

Union against the U.S. for over 20 years. Although not personally involved in the Hanssen investigation, the two authors were peripherally involved in what became, after many false starts the Hanssen case.

How to Archer Sterling Archer 2012-01-17 Lying is like 95% of what I do. But believe me: in this book, I'll let you know exactly how to become a master spy just like me. Obviously, you won't be as good at it as I am, but that's because you're you, and I'm Sterling Archer. I know, I know, it sucks not being me. But don't beat yourself up about it, because I'm going to show you all the good stuff—what to wear; what to drink; how to seduce women (and, when necessary, men); how to beat up men (and, when necessary, women); how to tell the difference between call girls and hookers (hint: when they're dead, they're just hookers) and everything about weapons, secret devices, lying ex-girlfriends, and turtlenecks. In a word? How to Archer.

The Eleventh Commandment Jeffrey Archer 2011-04-01 A gripping spy thriller set at an addictive pace, from bestselling author, Jeffrey Archer. Connor Fitzgerald is the professional's professional. Holder of the Medal of Honour. Devoted family man. The CIA's most deadly weapon. But for twenty-eight years, he has been leading a double life. And only days from his retirement, he comes across an enemy even he cannot handle. The enemy is his own boss. And she has only one purpose: to destroy him. Meanwhile, the United States is faced with an equally formidable foe: a new Russian President, determined to force a military confrontation between the two superpowers. Ranging from the Oval Office in the White House to a Russian Mafia boss's luxurious hideaway outside St Petersburg, *The Eleventh Commandment* sets new standards in contemporary thriller writing. Jeffrey Archer scoops his readers up in the first paragraph, and doesn't let them go until the last. The pace, the ingenuity, the twists, intertwined with a moving love story, show Britain's bestselling writer at the peak of his page-turning powers.

This Was a Man Jeffrey Archer 2016-11-08 From #1 New York Times bestselling author Jeffrey Archer The sweeping saga of the Cliftons—across generations, from Europe to America, through heartache and rivalry and triumph—is about to reach its stunning conclusion. Harry Clifton's story began in 1920, as a dock worker in England, and now he is set to write his magnum opus. As he reflects on his days, the lives of his family continue to unfold, unravel, and intertwine in ways no one could have imagined . . . Harry's wife Emma, who just completed her time at the Bristol Royal Infirmary, receives a surprise call from Margaret Thatcher. Meanwhile, Giles Barrington discovers a shocking truth about his wife, Karin. Sebastian Clifton becomes chairman of Farthings Kaufman bank, but only after Hakim Bishara's abrupt resignation. Sebastian's daughter Jessica is expelled from school, but her aunt Grace comes to the rescue. And Lady Virginia, who is set to flee the country to avoid her creditors, finds an opportunity to clear her debts after the Duchess of Hertford dies—and a way to finally trump the Cliftons and Barringtons.

The Athena Protocol Shamim Sarif 2019-10-08 Bourne Identity meets Karen McManus in this action-packed series opener about a spy gone rogue, perfect for fans of Ally Carter and Killing Eve. Jessie Archer is a member of the Athena Protocol, an elite organization of female spies who enact vigilante justice around the world. Athena operatives are never supposed to shoot to kill—so when Jessie can't stop herself from pulling the trigger, she gets kicked out of the organization, right before a huge mission to take down a human trafficker in Belgrade. Jessie needs to right her wrong and prove herself, so she starts her own investigation into the trafficking. But going rogue means she has no one to watch her back as she delves into the horrors she uncovers. Meanwhile, her former teammates have been ordered to bring her down. Jessie must face danger from all sides if she's to complete her mission—and survive. Don't miss this gripping page-turner that New York Times bestselling author Patrick Ness called “a ferocious, take-no-prisoners thriller that actually thrills!”

The Taking of K-129 Josh Dean 2017-09-05 An incredible true tale of espionage and engineering set at the height of the Cold War—a mix between *The Hunt for Red October* and *Argo*—about how the CIA, the U.S. Navy, and America's most eccentric mogul spent six years and nearly a billion dollars to steal the nuclear-armed Soviet

submarine K-129 after it had sunk to the bottom of the Pacific Ocean; all while the Russians were watching. In the early hours of February 25, 1968, a Russian submarine armed with three nuclear ballistic missiles set sail from its base in Siberia on a routine combat patrol to Hawaii. Then it vanished. As the Soviet Navy searched in vain for the lost vessel, a small, highly classified American operation using sophisticated deep-sea spy equipment found it—wrecked on the sea floor at a depth of 16,800 feet, far beyond the capabilities of any salvage that existed. But the potential intelligence assets onboard the ship—the nuclear warheads, battle orders, and cryptological machines—justified going to extreme lengths to find a way to raise the submarine. So began Project Azorian, a top-secret mission that took six years, cost an estimated \$800 million, and would become the largest and most daring covert operation in CIA history. After the U.S. Navy declared retrieving the sub “impossible,” the mission fell to the CIA's burgeoning Directorate of Science and Technology, the little-known division responsible for the legendary U-2 and SR-71 Blackbird spy planes. Working with Global Marine Systems, the country's foremost maker of exotic, deep-sea drilling vessels, the CIA commissioned the most expensive ship ever built and told the world that it belonged to the reclusive billionaire Howard Hughes, who would use the mammoth ship to mine rare minerals from the ocean floor. In reality, a complex network of spies, scientists, and politicians attempted a project even crazier than Hughes's reputation: raising the sub directly under the watchful eyes of the Russians. The Taking of K-129 is a riveting, almost unbelievable true-life tale of military history, engineering genius, and high-stakes spy-craft set during the height of the Cold War, when nuclear annihilation was a constant fear, and the opportunity to gain even the slightest advantage over your enemy was worth massive risk.

The Negotiator Frederick Forsyth 1990 Quinn, the negotiator, is called in to resolve the plot to keep the U.S. President from signing a U.S.–Soviet disarmament treaty.

The Unlikely Spy Daniel Silva 2003-05-06 #1 New York Times bestselling author Daniel Silva's celebrated debut novel, *The Unlikely Spy*, is “A ROLLER-COASTER WORLD WAR II ADVENTURE that conjures up memories of the best of Ken Follett and Frederick Forsyth” (The Orlando Sentinel). “In wartime,” Winston Churchill wrote, “truth is so precious that she should always be attended by a bodyguard of lies.” For Britain's counterintelligence operations, this meant finding the unlikeliest agent imaginable—a history professor named Alfred Vicary, handpicked by Churchill himself to expose a highly dangerous, but unknown, traitor. The Nazis, however, have also chosen an unlikely agent. Catherine Blake is the beautiful widow of a war hero, a hospital volunteer—and a Nazi spy under direct orders from Hitler: uncover the Allied plans for D-Day... *Shadowforce Archer* Alderac Entertainment Group 2002-01-01

Archer's Voice Mia Sheridan 2016-11-01 Fall in love with this emotional New York Times bestselling romance between two tortured souls who find their chance at happiness in the most unexpected way. I wanted to lose myself in the small town of Pelion, Maine. To forget everything I had left behind. The sound of rain. The blood. The coldness of a gun against my skin. For six months, each breath has been a reminder that I survived -- and my dad didn't. I'm almost safe again. But the moment I meet Archer Hale, my entire world tilts on its axis . . . and never rights itself again. Until I trespass into his strange, silent, and isolated world, Archer communicates with no one. Yet in his whiskey-colored eyes, something intangible happens between us. There's so much more to him than just his beauty, his presence, or the ways his hands communicate with me. On me. But this town is mired in secrets and betrayals, and Archer is the explosive center of it all. So much passion. And so much hurt. But it's only in Archer's silence that we might just find what we need to heal . . . and live. Includes an exclusive extended epilogue from Archer's POV! Named one of the “Top Romance Novels of All Time” by Goodreads! A New York Times, USA Today, and Wall Street Journal bestseller!

A Gift of Sanctuary Candace Robb 2015-07-28 “Robb deftly interweaves a complex story of love, passion and murder into the troubled and tangled fabric of Welsh history . . . A rich and satisfying novel” (Publishers Weekly). In

fourteenth-century England, Owen Archer and Geoffrey Chaucer are carrying out a mission for the Duke of Lancaster—under the pretense of escorting Owen's father-in-law and the archbishop's secretary on a pilgrimage to the sacred city of St. David's in Wales. England and France are at war, and the southern Welsh coast is vulnerable to invasion, so Owen and Geoffrey are to recruit archers for the duke's army and inspect his fortifications on the coast, while quietly investigating whether the duke's steward at Cydweli Castle is involved in a French plot to incite rebellion in Wales. But trouble precedes them in the cathedral city of St. David's. On Whitesands Beach beyond the city, a young man is beaten and left for dead, then spirited away by a Welsh bard. Shortly afterward, a corpse clothed in the livery of the Duke of Lancaster is left at the city gate, his shoes filled with white sand. Meanwhile at Cydweli Castle, the theft of money from the castle's exchequer is followed by a violent death and the disappearance of the steward's beautiful young wife. Owen and Geoffrey begin to see connections linking the troubles in city and castle, and learn they must unravel a complex story of betrayed love and political ambition . . . "This compelling historical mystery lives up to the standard set by master medievalist Ellis Peters."

The Art of Archer Neal Holman 2017-01-17 A fully illustrated and highly visual guide to everything Archer—from storyboards to character sketches to script excerpts—making it a collector's item for Archer fans everywhere. The Art of Archer is a comprehensive look behind the scenes of the award-winning animated series. Featuring 240 pages of concept art, exclusive interviews, script excerpts and the never-before-released original pitch for the series, this amazing collection offers an utterly unique view of the Archer creative process. Commentary from the crew will walk fans all the way from squiggles to the gorgeous final picture, detailing not only their process but their history as well. Exclusive interviews with the Emmy-nominated cast offer insights to their beloved characters and a glimpse of their favorite moments. With storyboards, costume designs, reference photographs, immaculate background paintings and more, this is Archer as you have never seen it. The Art of Archer is a must have companion to the groundbreaking animated series, for fans and cinephiles alike.

The Bestseller Code Jodie Archer 2016-09-20 "When a story captures the imagination of millions, that's magic. Can you qualify magic? Archer and Jockers just may have done so."—Sylvia Day, New York Times bestselling author Ask most people about massive success in the world of fiction, and you'll typically hear that it's a game of hazy crystal balls. The sales figures of E. L. James or Dan Brown seem to be freakish—random occurrences in an unknowable market. But what if there were an algorithm that could reveal a secret DNA of bestsellers, regardless of their genre? What if it knew, just from analyzing the words alone, not just why genre writers like John Grisham and Danielle Steel belong on the lists, but also that authors such as Junot Diaz, Jodi Picoult, and Donna Tartt had telltale signs of success all over their pages? Thanks to Jodie Archer and Matthew Jockers, the algorithm exists, the code has been cracked, and the results bring fresh new insights into how fiction works and why we read. The Bestseller Code offers a new theory for why Fifty Shades of Grey sold so well. It sheds light on the current craze for dark heroines. It reveals which themes tend to sell best. And all with fascinating supporting data taken from a five-year study of twenty thousand novels. Then there is the hunt for "the one"—the paradigmatic example of bestselling writing according to a computer's analysis of thousands of points of data. The result is surprising, a bit ironic, and delightfully unorthodox. This book explains groundbreaking text-mining research in accessible terms and offers a new perspective on the New York Times bestseller list. It's a big-idea book about the relationship between creativity and technology that will be provocative to anyone interested in how analytics have already transformed the worlds of finance, medicine, and sports. But at heart it is a celebration of books for readers and writers—a compelling investigation into how successful writing works, and a fresh take on our intellectual and emotional response to stories.

The Bob's Burgers Burger Book Loren Bouchard 2021-02-02

New York Times Bestseller The Bob's Burgers Burger Book gives hungry fans their best chance to eat one of Bob Belcher's beloved specialty Burgers of the Day in seventy-five original, practical recipes. With its warm, edgy humor, outstanding vocal cast, and signature musical numbers, Bob's Burgers has become one of the most acclaimed and popular animated series on television, winning the 2014 Emmy Award for Outstanding Animated Program and inspiring a hit ongoing comic book and original sound track album. Now fans can get the ultimate Bob's Burgers experience at home with seventy-five straight from the show but actually edible Burgers of the Day. Recipes include the "Bleu is the Warmest Cheese Burger," the "Bruschetta-Bout-It Burger," and the "Shoot-Out at the OK-ra Corral Burger (comes with Fried Okra)." Serve the "Sweaty Palms Burger (comes with Hearts of Palm)" to your ultimate crush, just like Tina Belcher, or ponder modern American literature with the "I Know Why the Cajun Burger Sings Burger." Fully illustrated with all-new art in the series's signature style, The Bob's Burgers Burger Book showcases the entire Belcher family as well as beloved characters including Teddy, Jimmy Pesto Jr., and Aunt Gayle. All recipes come from the fan-created and heavily followed blog "The Bob's Burger Experiment."

National Espionage, Rescue, and Defense Society (NERDS Book One) Michael Buckley 2013-09-03 NERDS combines all the excitement of international espionage with all the awkwardness of elementary school, and the results are hilarious. A group of unpopular fifth graders run a spy network from inside their school. With the help of cutting-edge science, they transform their nerdy qualities into incredible abilities! Their enemies? An array of James Bond-style villains, each with an evil plan more diabolical and more ridiculous than the last. Publishers Weekly raved: "Buckley has a flair for exaggerated humor." School Library Journal said: "Funny, clever, and thoroughly entertaining."

Men Are Better Than Women Dick Masterson 2008-04-08 Through a process of exhaustive man research he calls "keeping his eyes open," Dick Masterson has compiled a Magnum-size list of the ways men are better than women. It is an infallible compendium of man's greatness, filled with the most egregiously fallacious arguments ever put to words, but with some kind of miraculous, rock-solid man logic dripping like motor oil from every sentence. It is a manifesto more memorable than bullshit like High Fidelity or which Axe baby powder Maxim thinks you should slap on your nuts before clubbing, more chock-full of devastating man quotes than Oscar Wilde with two wangs. Most important, it is the only one of its kind. In Men Are Better Than Women, Dick Masterson dispenses logic from his man mouth into the eyes of his male readers like some kind of mighty mother man eagle with nutrient-rich word vomit. It's a book that makes you feel like driving a train into a dynamite factory and then tearing a telephone book apart with your bare hands, just because that's the way men have always done it. Masterson's chapters are simple and self-contained, demand no commitments from readers, and have an immediate payoff. Men Are Better Than Women is a dangerous work of satire -- not dangerous in a revolutionary sense, but dangerous in that it walks the razor-thin line between cruelty and absurdity. That line is called hilarious.

How to Tell a Story The Moth 2022-04-26 NEW YORK TIMES BESTSELLER • The definitive guide to telling an unforgettable story in any setting, drawing on twenty-five years of experience from the storytelling experts at The Moth "From toasts to eulogies, from job interviews to social events, this book will help you with ideas, structure, delivery and more."—CNN Over the past twenty-five years, the directors of The Moth have worked with people from all walks of life—including astronauts, hairdressers, rock stars, a retired pickpocket, high school students, and Nobel Prize winners—to develop true personal stories that have moved and delighted live audiences and listeners of The Moth's Peabody Award-winning radio hour and podcast. Mr. Putin Fiona Hill 2015-02-02 From the KGB to the Kremlin: a multidimensional portrait of the man at war with the West. Where do Vladimir Putin's ideas come from? How does he look at the outside world? What does he want, and how far is he willing to go? The great lesson of the outbreak of World War I in 1914 was the danger of misreading the statements, actions, and intentions of the adversary. Today, Vladimir Putin has become the greatest challenge to European security and the global world order in decades. Russia's 8,000 nuclear weapons underscore the huge risks of not understanding who Putin is. Featuring five new chapters, this new edition dispels potentially dangerous misconceptions about Putin and offers a clear-eyed look at his objectives. It presents Putin as a reflection of deeply ingrained Russian ways of thinking as well as his unique personal background and experience. Praise for the first edition If you want to begin to understand Russia today, read this book. —Sir John Scarlett, former chief of the British Secret Intelligence Service (MI6) For anyone wishing to understand Russia's evolution since the breakup of the Soviet Union and its trajectory since then, the book you hold in your hand is an essential guide.—John McLaughlin, former deputy director of U.S. Central Intelligence Of the many biographies of Vladimir Putin that have appeared in recent years, this one is the most useful. —Foreign Affairs This is not just another Putin biography. It is a psychological portrait. —The Financial Times Q: Do you have time to read books? If so, which ones would you recommend? "My goodness, let's see. There's Mr. Putin, by Fiona Hill and Clifford Gaddy. Insightful." —Vice President Joseph Biden in Joe Biden: The Rolling Stone Interview.

It's Always Sunny in Philadelphia The Gang 2015-01-06 "The Gang" from It's Always Sunny in Philadelphia attempts their most ill-conceived, get-rich quick scheme yet: publishing a "self-help book" to hilarious, sometimes dangerous, and often revolting, results. The Gang may have finally found their golden ticket. Left alone to close down Paddy's Pub one night, Charlie Kelly inadvertently scored himself, and his friends, the opportunity of a lifetime—a book deal with a real publishing company, real advance money, and a real (ly confused) editor. While his actual ability to read and write remains unclear, Charlie sealed the deal with some off-the-cuff commentary on bird law and the nuances of killing rats (and maybe with the help of some glue fumes in the basement with an unstable editor on a bender). While The Gang is stunned by the news, and the legally binding, irrevocable contract left on the bar, they are also ready to rise to the task and become millionaires—and of course, help Charlie actually write the book. In their own inimitable voices, Charlie, Mac, Dennis, Sweet Dee, and Frank weigh in on important topics like Relationships, Financial Success and Career, Fashion and Personal Grooming, Health and Diet, and Survival Skills, providing insane advice, tips, tricks, and recipes (Rum Ham anyone?) as only they can. Fans of It's Always Sunny in Philadelphia rejoice and welcome the most influential work in the history of the written word (or at least since the script for The Nightman Cometh): The 7 Secrets of Awakening the Highly Effective Four-Hour Giant, Today.

Lives of the Novelists John Sutherland 2012-03-27 No previous author has attempted a book such as this: a complete history of novels written in the English language, from the genre's seventeenth-century origins to the present day. In the spirit of Dr. Johnson's Lives of the Poets, acclaimed critic and scholar John Sutherland selects 294 writers whose works illustrate the best of every kind of fiction—from gothic, penny

dreadful, and pornography to fantasy, romance, and high literature. Each author was chosen, Professor Sutherland explains, because his or her books are well worth reading and are likely to remain so for at least another century. Sutherland presents these authors in chronological order, in each case deftly combining a lively and informative biographical sketch with an opinionated assessment of the writer's work. Taken together, these novelists provide both a history of the novel and a guide to its rich variety. Always entertaining, and sometimes shocking, Sutherland considers writers as diverse as Daniel Defoe, Henry James, James Joyce, Edgar Allan Poe, Virginia Woolf, Michael Crichton, Jeffrey Archer, and Jacqueline Susann. Written for all lovers of fiction, Lives of the Novelists succeeds both as introduction and re-introduction, as Sutherland presents favorite and familiar novelists in new ways and transforms the less favored and less familiar through his relentlessly fascinating readings.

The Spy and the Traitor Ben Macintyre 2018-09-18 NEW YORK TIMES BESTSELLER • The celebrated author of Double Cross and Rogue Heroes returns with his greatest spy story yet, a thrilling Americans-era tale of Oleg Gordievsky, the Russian whose secret work helped hasten the end of the Cold War. "The best true spy story I have ever read."—JOHN LE CARRÉ Named a Best Book of the Year by The Economist • Shortlisted for the Bailie Giffords Prize in Nonfiction If anyone could be considered a Russian counterpart to the infamous British double-agent Kim Philby, it was Oleg Gordievsky. The son of two KGB agents and the product of the best Soviet institutions, the savvy, sophisticated Gordievsky grew to see his nation's communism as both criminal and philistine. He took his first posting for Russian intelligence in 1968 and eventually became the Soviet Union's top man in London, but from 1973 on he was secretly working for MI6. For nearly a decade, as the Cold War reached its twilight, Gordievsky helped the West turn the tables on the KGB, exposing Russian spies and helping to foil countless intelligence plots, as the Soviet leadership grew increasingly paranoid at the United States's nuclear first-strike capabilities and brought the world closer to the brink of war. Desperate to keep the circle of trust close, MI6 never revealed Gordievsky's name to its counterparts in the CIA, which in turn grew obsessed with figuring out the identity of Britain's obviously top-level source. Their obsession ultimately doomed Gordievsky: the CIA officer assigned to identify him was none other than Aldrich Ames, the man who would become infamous for secretly spying for the Soviets. Unfolding the delicious three-way gamesmanship between America, Britain, and the Soviet Union, and culminating in the gripping cinematic beat-by-beat of Gordievsky's nail-biting escape from Moscow in 1985, Ben Macintyre's latest may be his best yet. Like the greatest novels of John le Carré, it brings readers deep into a world of treachery and betrayal, where the lines bleed between the personal and the professional, and one man's hatred of communism had the power to change the future of nations.

Long Range C. J. Box 2021-01-26 "Impressive precision and heart-gripping suspense....Good characters, an extra good story, and great scenes of life and death in the wilderness"—New York Times Book Review Wyoming game warden Joe Pickett must investigate an attempted murder—a crime committed from a confoundingly long distance—in the riveting novel from #1 New York Times bestselling author C.J. Box. When Joe Pickett is asked to join the rescue efforts for the victim of a startling grizzly attack, he reluctantly leaves his district behind. One survivor of the grizzly's rampage tells a bizarre story, but just as Joe begins to suspect the attack is not what it seems, he is brought home by an emergency on his own turf. Someone has targeted a prominent local judge, shooting at him from a seemingly impossible distance. While the judge was not hit, his wife is severely wounded, and it is up to Joe to find answers—and the shooter. The search for the would-be assassin becomes personal when Nate Romanowski and his young family are targeted by the mysterious shooter. Beset by threats both man-made and natural, the two men must go to great lengths to keep their loved ones safe.

One Good Deed David Baldacci 2019-07-23 In this fast-paced historical thriller, #1 New York Times bestselling author David Baldacci introduces Archer, a WWII veteran forced to investigate a small-town murder -- or risk

returning to prison. It's 1949. When war veteran Aloysius Archer is released from Carderock Prison, he is sent to Poca City on parole with a short list of do's and a much longer list of don'ts: do report regularly to his parole officer, don't go to bars, certainly don't drink alcohol, do get a job--and don't ever associate with loose women. The small town quickly proves more complicated and dangerous than Archer's years serving in the war or his time in jail. Within a single night, his search for gainful employment--and a stiff drink--leads him to a local bar, where he is hired for what seems like a simple job: to collect a debt owed to a powerful local businessman, Hank Pittleman. Soon Archer discovers that recovering the debt won't be so easy. The indebted man has a furious grudge against Hank and refuses to pay; Hank's clever mistress has her own designs on Archer; and both Hank and Archer's stern parole officer, Miss Crabtree, are keeping a sharp eye on him. When a murder takes place right under Archer's nose, police

suspicious rise against the ex-convict, and Archer realizes that the crime could send him right back to prison . . . if he doesn't use every skill in his arsenal to track down the real killer.

Pawnee Leslie Knope 2011-11-22 Welcome to Pawnee: More Exciting than New York, More Glamorous than Hollywood, Roughly the Same Size as Bismarck, North Dakota In Pawnee, Leslie Knope (as played by Amy Poehler on NBC's hit show Parks and Recreation) takes readers on a hilarious tour through her hometown, the Midwestern haven known as Pawnee, Indiana. The book chronicles the city's colorful citizens and hopping nightlife, and also explores some of the most hilarious events from its crazy history -- like the time the whole town was on fire, its ongoing raccoon infestation, and the cult that took over in the 1970s. Packed with laugh-out-loud-funny photographs, illustrations, and commentary by the other inhabitants of Pawnee, it's a must-read that will make you enjoy every moment of your stay in the Greatest Town in America.
