Expedition 196 Cassie de Pecol 2018-07-30 A memoir of Cassie's life leading up to, and during her Expedition around the world. At age twenty-seven, Cassie De Pecol accomplished something remarkable. She became the first woman on record to travel to every country on Earth, and did it faster than anyone in history, male or female. She was inspired by her experiences on the Discovery Channel's Naked and Afraid both the three weeks she spent in the Panamanian wilderness and the cyberbullying she endured after the show. And it opened her eyes to the need for women to make a difference in the world. In Expedition 196, Cassie shares the secrets behind her personal triumphs and miraculous achievements. It's the story of a dreamer and a doer who went from restless college dropout to fearless adventurer to philanthropist and humanitarian activist dedicated to female empowerment and global sustainability. Thrilling, inspiring, and unforgettable, Expedition 196 views the world through the eyes of one extraordinary young woman whose heart took her farther than most people can even imagine.

Chemistry Matters 2007 *Physics at a Glance* Tim Mills 2008-10-30 This book aims to cover all the GCSE Physics material needed to meet the specifications of the examining boards Edexcel, AQA, WJEC and OCR (both 21st Century Science and Gateway) both for single and double awards. The content also covers the additional topics necessary for the Physics GCSE single award. It is the third book in the series following 'Biology at a Glance' and 'Chemistry at a Glance' and it encourages learners to use a mind mapping approach to revision. Just like the other books in the series, each page contains clear annotated illustrations that will help the reader to assimilate the facts quickly and commit them to memory. The book covers force and energy, energy and its transfer (including waves, electrical and thermal energy), electromagnetism and radioactivity. It goes on to describe a wide range of the practical applications of physics and concludes with material on our place in the universe. To comply with the latest GCSE specifications, 'How Science Works' permeates all aspects of the book which also provides questions on all the topics covered, to reinforce skills and understanding.

Winning at Retirement Patrick Foley 2018-09-28 About half of American retirees describe their post-work years as the best time of their life. Winning at Retirement is a step-by-step guide to ending up among that happy half. Authors Pat Foley and Kristin Hillsley take a practical, inspirational, and entertaining look at the process of seeking happiness in the last-and potentially best-period of life. Winning offers plain language advice on matters like Social Security, Medicare, and investing. But it also emphasizes the importance of seeking a meaningful identity in the senior years, and describes how to do so. What truly sets the book apart is the crafting of a Retirement Happiness Map, a simple but powerful method for planning all aspects of a blissful retirement. Today's retirees are plugged-in. They have smart phones, are internet savvy, and follow their grandchildren on Facebook. Winning takes a thoroughly modern look at the subject, describing web tools, apps, TED talks, and the vast world of resources that are at your fingertips in a quest for financial stability, health, and purpose. Step inside, you won't be disappointed.
