**Narrative and Identity** Jens Brockmeier 2001-01-01 Annotation This text evolved out of a December 1995 conference at the International Research Center for Cultural Studies (IFK) in Vienna, attended by scholars from psychology, psychiatry, philosophy, social sciences, literary theory, classics, communication, and film theory, and exploring the importance of narrative as an expression of our experience, as a form of communication, and as a form for understanding the world and ourselves. Nine scholars from Canada, the US, and Europe contribute 12 essays on the relationship between narrative and human identity, how we construct what we call our lives and create ourselves in the process. Coverage includes theoretical perspectives on the problem of narrative and self construction, specific life stories in their cultural contexts, and empirical and theoretical issues of autobiographical memory and narrative identity. **Fall for Him** J. C. Valentine 2015-07-26 Two men. Both brothers. One life-changing decision. I made my choice. One perfect weekend assured me I was right. One set of pictures proved me wrong. **Arresting Images** Steven C. Dubin 2013-10-18 Although contemporary art may sometimes shock us, more alarming are recent attempts to regulate its display. Drawing upon extensive interviews, a broad sampling of media accounts, legal documents and his own observations of important events, sociologist Steven Dubin surveys the recent trend in censorship of the visual arts, photography and film, as well as artistic upstarts such as video and performance art. He examines the dual meaning of arresting images--both the nature of art work which disarms its viewers and the social reaction to it. Arresting Images examines the battles which erupt when artists address such controversial issues as racial polarization, AIDS, gay-bashing and sexual inequality in their work.

He's a mystery to me. He's controlling, demanding, and he has me wrapped around his little finger. Anything he wants, I'll give it to him. The hours we share together aren't about love. It's just sex. Hot, dirty, passionate sex. It was never supposed to be anything more than that. Until everything changed. Now, I'm more confused than ever. The more I learn about him, the less I seem to understand. What I do know is that I'm falling, and I have the feeling when I land, it's going to hurt.

Only one person has ever successfully clawed their way under Curtis Nash's skin, and when she disappeared from his life without so much as a goodbye, he wrote her off-at least, he tried to. One mention of the one who got away, and he's consumed with desire-and anger. He wants her. He wants her. He's about to get a lot more than he bargained for. As the war between the cartel and the Spartans heats up, Taco has to decide if he's going to protect his brothers or the new life that's waiting for him. When everything hangs in the balance, one thing is clear: No one is safe. Will Bambi and Taco be able to come together and find the strength to take a leap of faith before time runs out?
