It's My Country Too Jerri Bell 2017 This inspiring anthology it the first to convey the noteworthy experiences and contributions of women in the American military in their own words-from the Revolutionary War to the present wars in the Middle East. Serving with the Union Army during the Civil War as a nurse, scout, spy, and soldier, Harriet Tubman tells what it was like to be the first American woman to lead a raid against an enemy, freeing some 750 slaves. Busting gender stereotypes, Inga Fredriksen Ferris's describes how it felt to be a woman marine during World War II. Heidi Squier Kraft recounts her experiences as a lieutenant commander in the navy, deployed to Iraq as a psychologist to provide mental health care in a combat zone. In excerpts from their diaries, letters, oral histories, military depositions and testimonies, as well as from published and unpublished memoirs-generations of women reveal why and how they chose to serve their country, often breaking with social norms and at great personal peril.

Intimate Nature Linda Hogan 1999 Provides insight into the unique relationship that exists between women and animals and includes contributions from Diane Ackerman, Annie Dillard, Jane Goodall, Temple Grandin, and Barbara Kingsolver.

*The Midnight Hour* Benjamin Read 2020-03-03 For fans of portal fantasies like Jessica Townsend's Nevermoor, Colin Meloy's Wildwood, and The Spiderwick Chronicles by Tony DiTerlizzi and Holly Black, and unlike so many other

fantasies that introduce readers to a world of enchantment and wonder, *The Midnight Hour* is one filled with beasts and monsters for readers looking to shine their flashlights under the covers. When strange late-night letters start arriving at home, Emily's parents set off to investigate. But when her parents disappear completely and Emily is left home alone to face the weird strangers that begin to appear at her door, she takes all of the clues at her disposal and makes for the place where the letters came from -- the mysterious Night Post. What she'll discover is the secret world of the Midnight Hour -- a Victorian London frozen in time, full of magic and monsters. Kept safe by an age-old agreement, the Night Folk have been exiled to a parallel world that can only be accessed by a selected few, including the mail carriers of the infamous Night Post that operate between the two worlds. Emily's parents are key players in keeping the Night Folk safe, but when the division of the two worlds is threatened, Emily must search for her parents while navigating this dark and unknown version of London. Armed only with a packed lunch, her very sleepy pocket hedgehog, and her infamously big argumentative mouth, she must escape bloodthirsty creatures of the night, figure out her own family secrets, and maybe just save the world. This is a frightening and enchanting story, a world built out of creatures from our worst fears who become relatable, fully formed characters unlike any we've seen as these strangers of parallel worlds band together to save the day.

Principles of Digital Image Synthesis Andrew S. Glassner 2014-06-28 Image synthesis, or rendering, is a field of transformation: it changes geometry and physics into meaningful images. Because the most popular algorithms frequently change, it is increasingly important for researchers and implementors to have a basic understanding of the principles of image synthesis. Focusing on theory, Andrew Glassner provides a comprehensive explanation of the three core fields of study that come together to

form digital image synthesis: the human visual system, digital signal processing, and the interaction of matter and light. Assuming no more than a basic background in calculus, Glassner transforms his passion and expertise into a thorough presentation of each of these disciplines, and their elegant orchestration into modern rendering techniques such as radiosity and ray tracing.

**Continuing Bonds** Dennis Klass 2014-05-12 First published in 1996. This new book gives voice to an emerging consensus among bereavement scholars that our understanding of the grief process needs to be expanded. The dominant 20th century model holds that the function of grief and mourning is to cut bonds with the deceased, thereby freeing the survivor to reinvest in new relationships in the present. Pathological grief has been defined in terms of holding on to the deceased. Close examination reveals that this model is based more on the cultural values of modernity than on any substantial data of what people actually do. Presenting data from several populations, 22 authors - among the most respected in their fields - demonstrate that the health resolution of grief enables one to maintain a continuing bond with the deceased. Despite cultural disapproval and lack of validation by professionals, survivors find places for the dead in their on-going lives and even in their communities. Such bonds are not denial: the deceased can provide resources for enriched functioning in the present. Chapters examine widows and widowers, bereaved children, parents and siblings, and a population previously excluded from bereavement research: adoptees and their birth parents. Bereavement in Japanese culture is also discussed, as are meanings and implications of this new model of grief. Opening new areas of research and scholarly dialogue, this work provides the basis for significant developments in clinical practice in the field.

Mapping the Terrain Suzanne Lacy 1995 "In this wonderfully bold and speculative anthology of writings, artists and critics offer a highly persuasive set of argument and pleas for imaginative, socially responsible, and socially responsive public art...This book will prove as valuable to art and cultural historians and critics

as it will be to public policy makers, students and a diverse public audience" --Moir Roth, Mills College.

**Stay Sexy & Don't Get Murdered** Karen Kilgariff 2019-05-28 The instant #1 New York Times and USA Today best seller by Karen Kilgariff and Georgia Hardstark, the voices behind the hit podcast My Favorite Murder! Sharing never-before-heard stories ranging from their struggles with depression, eating disorders, and addiction, Karen and Georgia irreverently recount their biggest mistakes and deepest fears, reflecting on the formative life events that shaped them into two of the most followed voices in the nation. In *Stay Sexy & Don't Get Murdered*, Karen and Georgia focus on the importance of self-advocating and valuing personal safety over being 'nice' or 'helpful.' They delve into their own pasts, true crime stories, and beyond to discuss meaningful cultural and societal issues with fierce empathy and unapologetic frankness. "In many respects, *Stay Sexy & Don't Get Murdered* distills the My Favorite Murder podcast into its most essential elements: Georgia and Karen. They lay themselves bare on the page, in all of their neuroses, triumphs, failures, and struggles. From eating disorders to substance abuse and kleptomania to the wonders of therapy, Kilgariff and Hardstark recount their lives with honesty, humor, and compassion, offering their best unqualified life-advice along the way."

—Entertainment Weekly "Like the podcast, the book offers funny, feminist advice for survival—both in the sense of not getting killed and just, like, getting a job and working through your personal shit so you can pay your bills and have friends." —Rolling Stone At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Ideas and Insights** Dorothy Jo Watson 1987 Intended to provide elementary school language arts teachers with new and interesting teaching activities, this book contains over 100 teacher-tested classroom activities that are based on the whole language approach to learning. Chapters discuss the following: (1) a world of language in use; (2) literature points the way (including themes and organization, literature and experience, and extended literature); (3) making sense by reading (including predictions and expectations, reading awareness and control,

invitations to read, and music, drama, and reading); (4) writing for self-expression; (5) learning to write by writing; (6) writing for an audience (including developing a sense of audience, and messages, notes, and letters); (7) reading, writing, listening, and speaking across the curriculum (including language arts across the curriculum, and reading and writing newspapers); (8) kids helping other kids: the collaborative effort (including cooperative learning, and games and holiday activities); (9) home is where the start is; and (10) valuing and evaluating learners and their language. The 15-page bibliography contains sections on read-aloud books, wordless books, extending literature and reading leading to writing, predictable language, predictable life experience books for upper elementary children, sing-along books, children's magazines, and publishers of children's writing. A list of teaching activities in the book is included. (SKC)

**The Farming of Bones** Edwidge Danticat 2003-07-01 It is 1937 and Amabelle Désir, a young Haitian woman living in the Dominican Republic, has built herself a life as the servant and companion of the wife of a wealthy colonel. She and Sebastien, a cane worker, are deeply in love and plan to marry. But Amabelle's world collapses when a wave of genocidal violence, driven by Dominican dictator Rafael Trujillo, leads to the slaughter of Haitian workers. Amabelle and Sebastien are separated, and she desperately flees the tide of violence for a Haiti she barely remembers. Already acknowledged as a classic,

this harrowing story of love and survival—from one of the most important voices of her generation—is an unforgettable memorial to the victims of the Parsley Massacre and a testimony to the power of human memory. From the Trade Paperback edition.

**The Weigh Down Diet** Gwen Shamblin 2009-09-30 Isn't your desire to overeat really spiritual hunger? "I can stop in the middle of a candy bar and have no desire to eat the second half if my stomach is not calling for it." - Gwen Shamblin Do you eat and eat and never feel full? Rise above the magnetic pull of the refrigerator and turn to the bounty offered to thousands who have embraced a liberating weight-reduction program in churches across America. The Weigh Down Diet gives new hope to millions who have failed on conventional diets and guides readers to the richer satisfaction that comes not from food, but from faith. Gwen Shamblin's *The Weigh Down Diet* is a groundbreaking approach to weight loss. People who have known no end to their hunger and who have no control over their late-night binges have learned through the Weigh Down Workshop that they can remove the irresistible desire for food. This is not a diet like others, because it is not food-focused. It contains chapters such as "It's Not Genetics or Your Mother's Fault," "I Feel Hungry All the Time," and "How to Eat Potato Chips and Chocolate." So, as you can see, here is a very different approach to weight loss. Weigh Down gives back hope to dieters who will learn that God did not put chocolate or lasagna on Earth to torture us - but rather for our enjoyment!

**Let Me Take You Down** Jack Jones 2011-02-23 A top crime journalist reveals precisely how the world-shattering murder of John Lennon happened—and why In *Let Me Take You Down*, Jack Jones penetrates the borderline world of dangerous fantasy in which Mark David Chapman stalked and killed Lennon: Mark David Chapman rose early on the morning of December 8 to make final preparations. . . . Chapman had neatly arranged and left behind a curious assortment of personal items on top of the hotel dresser. In an orderly semicircle, he had laid out his passport, an eight-track tape of the music of Todd Rundgren, his little Bible, open to *The Gospel According to John* (Lennon). He left a letter from a former YMCA supervisor at Fort Chaffee, Arkansas, where five years earlier, he had worked with refugees from the Vietnam War. Beside the letter were two photographs of himself surrounded by laughing Vietnamese children. At the center of the arrangement of personal effects, he had placed the small Wizard of Oz poster of Dorothy and the Cowardly Lion. "I woke up knowing, somehow, that when I left that room, that was the last time I would see the room again," Chapman recalled. "I truly felt it in my bones. I don't know how. I had never seen John Lennon up to that point. I only knew that he was in the Dakota. But I somehow knew that it was it, this was the day. So I laid out on the dresser at the hotel room . . . just a tableau of everything that was important in my life. So it would say, 'Look, this is me. Probably, this is the real me. This is my past and I'm going, gone to

another place.' "I practiced what it was going to look like when police officers came into the room. It was like I was going through a door and I knew I was going to go through a door, the poet's door, William Blake's door, Jim Morrison's door. . . . I was leaving what I was, going into a future of uncertainty." Praise for *Let Me Take You Down* "Jack Jones has written a beautiful book, rare in its attention to the social context giving rise to stalkers and assassins of celebrities . . . celebrity worship is ambivalent—admiration shares the altar with envy. When the worshipped disappoints, a 'nobody' can become a 'somebody' by killing the pop culture idol. *Let Me Take You Down* is both fascinating and brilliant."—Ladd Wheeler, Professor of Psychology, University of Rochester, Former President of the Society for Personality and Social Psychology

**Letters My Mother Never Read: An Abandoned Child's Journey (Townsend Library)**

Jerri Diane Sueck 2004 When her mother died in a fire, eight-year-old Jerri thought life couldn't get worse. She was wrong. Sent to live with people who didn't want her, Jerri was powerless to stop her once-happy childhood from becoming a nightmare of cruelty and neglect. Only a stubborn belief in her own worth and a fierce will to live allowed her to reach adulthood physically and emotionally intact. This is a book that will inspire not only those who have been orphans or foster children, but anyone who has known the pain of being unwanted. - Back cover. Sooner Than Tomorrow Dede Ranahan 2019-04-08 Welcome to my world. My story is written in diary format. I wrote it from June 16, 2013, to June 15, 2014. What I didn't know, as I was writing, was that I was capturing the last year of my son's life. Pat died, unexpectedly, on July 23, 2014, in a hospital psych ward. Suddenly, my diary morphed into a more poignant record than I'd anticipated, and after he died, I discovered Pat had been making regular posts on Facebook. I decided to add his comments to my own. I like stories where I can extrapolate from the singular to the universal--that is where I can identify with a common denominator in another person's experience. One early reader of my diary said, "Your story is so relatable." That's what I hope other readers will say. You may relate to my story if: You have a child (children)

you love more than your own life. You have a child who suffers from serious mental illness. You've lost a child--no matter what age. You're a member of the sandwich generation. You treasure conversations with children--especially when they're your grandchildren. Your cat or your dog is in charge of your household. Your bones are beginning to creak. You wake up each morning with a huge hole in your heart but you know, somehow, some way, you have to get up and put one foot in front of the other. You enjoy reading the other side of history--about ordinary people and their daily lives. You have a sense of humor. You've been thinking of leaving something for your descendants--a letter, story, diary, song, painting, or poem--but you haven't gotten around to it. Maybe my diary will spur you on. More notes about the format: I've added a Before section (Scenes from the Trenches). Going in, I want the reader to know "Yes, Houston, we really do have a problem." I've divided my diary into quarters--Summer, Fall, Winter, Spring. I introduce each with a poem--three of them are Pat's. I end with an After section I didn't see coming. As I was writing, I had no idea, from day to day, what stories were unfolding. I learn, right along with the reader, what will happen next. We're all on a journey. Thank you for going on this journey with me. Dede Dede posted her story in two-week increments at [www.soonerthantomorrow.com](http://www.soonerthantomorrow.com). The following are readers' responses. Beautiful words with an undertone that has caught me . . . carrying me up and down. Such a good writer that I am grateful to be with you. I can borrow some courage here. --Janet So happy for the readers who will discover you. --Liz Dede, every one of your blog posts has a portion that I love so much that I take a screenshot and read it over and over. --Stacey Dede, I anxiously await each posting from your blog/book. You write with such skill, and not easy when it's so personal, but your passion sprinkled with humor are the reasons that this is successful. --Joan L. I've done this, the primal scream and the mother animal instinct. There can't be anything more painful, not even death. My son was a normal little boy and a normal young man until schizophrenia came calling. Now I feel so shattered. I love your diary. --J.H.D. I only this was a contrived drama. It's so visceral. You're an artist. --Heidi F.

**Respect Trumps Harmony** Rachael Robertson  
2020-04-06 Develop a high-performing team based on a culture where respect trumps harmony As teams become more diverse, we won't always see eye to eye. We won't agree on everything, and we may not even like each other. In order to achieve results, we need to have robust, candid and constructive discussions. Respect Trumps Harmony offers a proven approach to navigating the difficulties faced in teams and workplaces today. To build collaboration; strengthen innovation; and manage safety, risk and well-being, it's critical that there is a foundation of respect, not harmony. Developed during author Rachael Robertson's time leading one of the toughest workplaces on the planet—Davis Station, Antarctica—and further informed by over 15 years of research, case studies and feedback, Robertson suggests that harmony in the workplace is overrated, and can even be dangerous, and that above all else, respect is the key ingredient of a high-performance culture. A focus on respect over harmony improves everything from morale to productivity. Respect Trumps Harmony integrates the three pillars at the core of Robertson's leadership practice: No triangles, The bacon wars, and Lead without a title, enabling you to:

- Manage conflict and put an end to gossip
- Improve accountability and the quality of feedback,
- Recognise and manage dysfunctional behaviour
- Build collaboration to strengthen innovation
- Identify and manage risk
- Inspire trust and confidence by displaying personal leadership, and encourage others to do the same irrespective of their title

Respect Trumps Harmony is a contemporary leadership handbook, essential for all modern leaders and those who wish to transform the culture within their own team.

**Letters My Mother Never Read** Jerri Diane Sueck  
2007-04-01 A few months after our arrival in Scranton, I finally get up the courage to ask Grandma Resuba the question that is constantly on my mind. "Why do you hate us so much?" I say to her. "When mommy was here, you gave us milk and cookies and let us sit in your kitchen." For the first time since we arrived, Grandma Resuba looks me full in the face. Her eyes bore into mine, Blazing with hatred. She spits out her reply. "Your mother was nothing! My son had no

business marrying a woman with four kids." Her voice rises higher as she rages on. "I'll never forgive her for marrying my son. I'm glad she's dead, only now I'm stuck with you miserable brats! Every penny and minute I spend with you takes away from what I should be giving to Alice. She's my flesh and blood, and you're nothing, just like your mother was." When her mother died in a fire, eight-year-old Jerri thought life couldn't get worse.

**Rin Tin Tin Enhanced eBook** Susan Orlean  
2011-09-27 Featuring more than seventy-five photographs and almost a dozen rarely seen videos from Rin Tin Tin's legendary career, this Enhanced eBook edition of Susan Orlean's Rin Tin Tin vividly illustrates the life and legacy of the canine hero. He believed the dog was immortal. So begins Susan Orlean's sweeping, powerfully moving account of Rin Tin Tin's journey from orphaned puppy to movie star and international icon. Orlean, a staff writer at The New Yorker who has been hailed as "a national treasure" by The Washington Post, spent nearly ten years researching and reporting her most captivating book to date: the story of a dog who was born in 1918 and never died. It begins on a battlefield in France during World War I, when a young American soldier, Lee Duncan, discovered a newborn German shepherd in the ruins of a bombed-out dog kennel. To Duncan, who came of age in an orphanage, the dog's survival was a miracle. He saw something in Rin Tin Tin that he felt compelled to share with the world. Duncan brought Rinty home to California, where the dog's athleticism and acting ability drew the attention of Warner Bros. Over the next ten years, Rinty starred in twenty-three blockbuster silent films that saved the studio from bankruptcy and made him the most famous dog in the world. At the height of his popularity, Rin Tin Tin was Hollywood's number one box office star. During the decades that followed, Rinty and his descendants rose and fell with the times, making a tumultuous journey from silent films to talkies, from black-and-white to color, from radio programs to one of the most popular television shows of the baby boom era, The Adventures of Rin-Tin-Tin. The canine hero's legacy was cemented by Duncan and a small group of others—including Bert Leonard, the producer of the TV series, and Daphne Hereford, the owner of

the current Rin Tin Tin—who have dedicated their lives to making sure the dog's legend will never die. At its core, Rin Tin Tin is a poignant exploration of the enduring bond between humans and animals. It is also a richly textured history of twentieth-century entertainment and entrepreneurship. It spans ninety years and explores everything from the shift in status of dogs from working farmhands to beloved family members, from the birth of obedience training to the evolution of dog breeding, from the rise of Hollywood to the past and present of dogs in war. Filled with humor and heart and moments that will move you to tears, Susan Orlean's first original book since *The Orchid Thief* is an irresistible blend of history, human interest, and masterful storytelling—a dazzling celebration of a great American dog by one of our most gifted writers.

[Empire Antarctica](#) Gavin Francis 2013-09-16 Gavin Francis fulfilled a lifetime's ambition when he spent fourteen months as the basecamp doctor at Halley, a profoundly isolated British research station on the Caird Coast of Antarctica. So remote, it is said to be easier to evacuate a casualty from the International Space Station than it is to bring someone out of Halley in winter. Antarctica offered a year of unparalleled silence and solitude, with few distractions and a very little human history, but also a rare opportunity to live among emperor penguins, the only species truly at home in the Antarctic. Following Penguins throughout the year -- from a summer of perpetual sunshine to months of winter darkness -- Gavin Francis explores the world of great beauty conjured from the simplest of elements, the hardship of living at 50 c below zero and the unexpected comfort that the penguin community bring. *Empire Antarctica* is the story of one man and his fascination with the world's loneliest continent, as well as the emperor penguins who weather the winter with him. Combining an evocative narrative with a sublime sensitivity to the natural world, this is travel writing at its very best

**Reading Changed My Life!** Beth Johnson

2003-01-01 After a lifetime of abuse, Maria Cardenas was finally living in peace with her daughter. But soon, that little girl would be able to read better than her mother. What could Maria do? School was a nightmare for Daisy Russell. She couldn't wait to get away from a place where she felt stupid and worthless. But once she dropped out, she discovered a burning desire to learn to read. Was it too late? As a child, Julia Burney escaped from the poverty and violence of her home into a world of books. As an adult, she saw children growing up without that escape available to them. How could she help? In *Reading Changed My Life! Three True Stories*, you'll learn what happened to Maria, Daisy, and Julia. They are three courageous women whose stories will touch and inspire you.

*The Tao of Fully Feeling* Pete Walker 2015 This book is a handbook for increasing your emotional intelligence. Moreover, if you are a survivor of a dysfunctional family, it is a guide for repairing the damage done to your emotional nature in childhood. *The Tao of Fully Feeling* focuses primarily on the emotional healing level of trauma recovery. It is a safe handbook for grieving losses of childhood. Whether or not you are a childhood trauma survivor, this book is a guide to emotional health. The degree of our mental health is often reflected in the degree to which we love and respect ourselves and others in a myriad of different feeling states. Real self-esteem and real intimacy with others depends on the ability to lovingly be there for oneself and others, whether one's feeling experience is pleasant or unpleasant.

Good things do happen to good people! You will be encouraged and uplifted as you read these stories about powerful hope, miraculous healing, divine intervention, messages from heaven, answered prayers and beating the odds.

**Mother-infant Bonding** Diane E. Eyer  
1992-01-01 Guilt abounds among women who

are unable, for whatever reason - illness of mother or child, premature birth, adoption - to experience the required period of bonding with their babies. In this absorbing book, Diane E. Eyer traces the history of the bonding myth and explains its continuing popularity despite its demonstrated lack of validity. Most important, she shows how it reflects a disturbing tendency in our society to accept "scientific" research without question - and without awareness that it can be distorted by professional agendas and public demands. Eyer argues that the concept of bonding was developed at a time then hospitals were losing their appeal for many women who wanted to deliver their babies in birthing centers or at home. Hospitals seized on the bonding idea as a way to make their services more attractive to pregnant women and to reassert medical authority over the birthing process by regulating the bonding procedure

**The Macho Paradox** Jackson Katz 2019-06-04 "A candid look at the cultural factors that lend themselves to tolerance of abuse and violence against women."—Booklist Revised and updated to include current studies, politics, and discussions, *The Macho Paradox* is the first book to show how violence against women is a male issue as well as a female one — and how we can come together to stop it. Written by pioneering anti-violence educator Jackson Katz, *The Macho Paradox* incorporates the voices and experiences of women and men who have confronted the problem from all angles, the discussions surrounding current events in politics and pop-culture, and where the violence is ignored or encouraged in our upbringing. Katz also offers cogent explanations for why so many men harass and hurt women, and he shows what can be done to stop the violence. By working together as allies, Katz shows how all genders can end the abuse and mistreatment of women. Additional Praise for *The Macho Paradox*: "If only men would read Katz's book, it could serve as a potent form of male consciousness-raising."—Publishers Weekly "These pages will empower both men and women to end the scourge of male violence and abuse. Katz knows how to cut to the core of the issues, demonstrating undeniably that stopping the degradation of women should be every man's priority."—Lundy Bancroft, author of *Why Does He Do That?: Inside the Minds of Angry*

and Controlling Men

**The Grammar of Untold Stories** Lois Ruskai Melina 2020-09-22 Sixteen essays ranging from lyric essays to narrative journalism address how we make sense of what we cannot know, how we make change in the world, how we heal, and how we know when we are home. Collectively, these essays convey the longing for agency and

connection, particularly among women. They will resonate with readers of all ages, but perhaps especially with women in the second half of life, those dealing with aging parents, retirement, illness, and accompanying vulnerabilities. Here readers will find comfort within keen reflection upon life's ambiguities.
