Identity in Narrative Anna De Fina 2003-10-27 This volume presents both an analysis of how identities are built, represented and negotiated in narrative, as well as a theoretical reflection on the links between narrative discourse and identity construction. The data for the book are Mexican immigrants' personal experience narratives and chronicles of their border crossings into the United States. Embracing a view of identity as a construct firmly grounded in discourse and interaction, the author examines and illustrates the multiple threads that connect the local expression and negotiation of identity to the wider social contexts that frame the experience of migration, from material conditions of life in the United States to mainstream discourses about race and color. The analysis reveals how identities emerge in discourse through the interplay of different levels of expression, from implicit adherence to narrative styles and ways of telling, to explicit negotiation of membership categories.

Poetry in Pieces Michelle Clayton 2011-01-10 Set against the cultural and political backdrop of interwar Europe and the Americas, Poetry in Pieces is the first major study of the Peruvian poet César Vallejo (1892–1938) to appear in English in more than thirty years. Vallejo lived and wrote in two distinct settings—Peru and Paris—which were continually crisscrossed by new developments in aesthetics, politics, and practices of everyday life; his poetry and prose therefore need to be read in connection with modernity in all its forms and spaces. Michelle Clayton combines close readings of Vallejo's writings with cultural, historical, and theoretical analysis, connecting Vallejo—and Latin American poetry—to the broader panorama of international modernism and the avant-garde, and to writers and artists such as Rainer Maria Rilke, James Joyce, Georges Bataille, and Charlie Chaplin. Poetry in Pieces sheds new light on one of the key figures in twentieth-century Latin American literature, while exploring ways of rethinking the parameters of international lyric modernity.

Orientalism Edward W. Said 2014-10-01 More than three decades after its first publication, Edward Said's groundbreaking critique of the West's historical, cultural, and political perceptions of the East has become a modern classic. In this wide-ranging, intellectually vigorous study, Said traces the origins of "orientalism" to the centuries-long period during which Europe dominated the Middle and Near East and, from its position of power, defined "the orient" simply as "other than" the occident. This entrenched view continues to dominate western ideas and, because it does not allow the East to represent itself, prevents true understanding. Essential, and still eye-opening, Orientalism remains one of the most important books written about our divided world.

Jews and Muslims in Contemporary Spain Martina L. Weisz 2019-05-20 The book analyzes the place of religious difference in late modernity through a study of the role played by Jews and Muslims in the construction of contemporary Spanish national identity. The focus is on the transition from an exclusive, homogeneous sense of collective Self toward a more pluralistic, open and tolerant one in an European context. This process is approached from different dimensions. At the national level, it follows the changes in nationalist historiography, the education system and the public debates on national identity. At the international level, it tackles the problem from the perspective of Spanish foreign policy towards Israel and the Arab-Muslim states in a changing global context. From the social-communicational point of view, the emphasis is on the construction of the Self–Other dichotomy (with Jewish and Muslim others) as reflected in the three leading Spanish newspapers.

Amalia José Mármol 2001-12-20 Amalia is one of the most popular Latin American novels and, until recently, was required reading in Argentina's schools. It was written to protest the dictatorship of Juan Manuel de Rosas and to provide a picture of the political events during his regime, but the book's popularity stemmed from the love story that fuels the plot. Originally published in 1851 in serial form, Marmol's novel recounts the story of Eduardo and Amalia, who fall in love while he is hiding in her home. Amalia and her cousin Daniel protect him from Rosist persecution, but before the couple and the cousin can escape to safety, they are discovered by the death squad and the young men die. Similar in style to the romantic novels of Walter Scott, Amalia provides a detailed picture of life under a dictatorship combined with lively dialogue, drama, and a tragic love story.

I, Rigoberta Menchu Rigoberta Menchu 2010-01-12 Now a global bestseller, the remarkable life of Rigoberta Menchú, a Guatemalan peasant woman, reflects on the experiences common to many Indian communities in Latin America. Menchú suffered gross injustice and hardship in her early life: her brother, father and mother were murdered by the Guatemalan military. She learned Spanish and turned to catechistic work as an expression of political revolt as well as religious commitment. Menchú vividly conveys the traditional beliefs of her community and her personal response to feminist and socialist ideas. Above all, these pages are illuminated by the enduring courage and passionate sense of justice of an extraordinary woman.

Sinners in the Hands of an Angry God Jonathan Edwards 2019-08-15 Preached at Enfield, Connecticut on July 8, 1741, this is perhaps the greatest sermon ever preached in America—and is certainly among the most well known. Owing to its forthright dealing with God's wrath and His intense hatred of sin and the sinner, it is also one of the most controversial. Indeed, for more than three-quarters of the sermon Edwards lays down a relentless stream of the most vivid and horrifying descriptions of the danger facing unregenerate men. While it is difficult to read such graphic language, there is abundant hope in the sermon's conclusion. Edwards puts it this way, "And now you have an extraordinary opportunity, a day wherein Christ has thrown the door of mercy wide open and stands calling and crying with a loud voice to poor sinners." While those who would rather ignore God's justice in favor of His mercy condemn Edwards and his sermon, those who were present and actually heard him preach that day reacted in a decidedly different manner. According to the diary of Reverend Stephen Williams who attended the sermon, "Before the sermon was done there was a great moaning and crying through the whole House, 'what shall I do to be saved; oh, I am going to hell, etc.'" The diary goes on to indicate that Edwards had to interrupt his sermon and come down to minister to those who were under such awful conviction. And so, in spite of what the scoffers might think or say, "the amazing and astonishing power of God" was manifested among the people that day—with many falling not into the hands of an angry God, but into the arms of a mighty Savior.

Libra Don DeLillo 1991-05-01 From the author of White Noise (winner of the National Book Award) and The Silence, an eerily convincing fictional speculation on the events leading up to the assassination of John F. Kennedy In this powerful, unsettling novel, Don DeLillo chronicles Lee Harvey Oswald's odyssey from troubled teenager to a man of precarious stability who imagines himself an agent of history. When "history" presents itself in the form of two disgruntled CIA operatives who decide that an unsuccessful attempt on the life of the president will galvanize the nation against communism, the scales are irrevocably tipped. A gripping, masterful blend of fact and fiction, alive with meticulously portrayed characters both real and created, Libra is a grave, haunting, and brilliant examination of an event that has become an indelible part of the American psyche.

Modern Foreign Languages in the Elementary School Elizabeth Keesee 1960 The growing practice of beginning instruction in a modern foreign language in the elementary school has created a need for many classroom teachers to become oriented to a whole new field of foreign-language teaching methodology and materials. Since teachers tend to think of language instruction in terms of the English-language arts, the language which their pupils had learned to understand and speak before starting school, they need new techniques for language habit formation when a second language is introduced. While essentially, the process by which the preschool child learned his first language is duplicated, the learning activities must be suited to the interests and abilities of the age group concerned. The purpose of this publication is to suggest procedures which will be useful to teachers who need assistance in this field. This bulletin describes a variety of teaching techniques now in use and gives examples of types of materials that have been developed for the elementary school classroom. - Foreword.
