He and his best friend were the only two survivors of the 1980 explosion that killed 27 Eastern Kentucky miners in the Harlan #7 Coal Mine and shattered countless other lives in the close-knit little community of Aintree Hollow. But the two young men escaped the mine that day with more than just their lives. Each carried the burden of a terrible secret about another tragedy that occurred after the explosion. Typin' 'Bout My Generation Ninie Hammon 2019-09-20 There is a storyteller in you. She doesn't care how old you are. She doesn't care if you're retired, semi-

retired, nearing retirement or just over it. She doesn't care if you used to be a repairman, or an accountant, or a rodeo clown. She doesn't care how sure you are that it's too late to start something new. There is a storyteller in you. And it's time you started listening. My name is Ninie Hammon and I'm 72 years old. (If you say 72 years young, I will reach out from this page and punch you in the face.) I started writing my first book when I was 58. Too late? Nonsense. In fact, it was the perfect time to start writing. In this short little book, I'll do my best to show you that ... - Retirement is the perfect time to start writing. - Expendable time is the most valuable time there is. - Technology sucks, but it also doesn't matter. - Readers matter even more than you think. - Community is the secret sauce on everything. - Doing the thing is the most important thing. And so much more. Or maybe just those things. But also stories! And tangents. So many tangents. And references only you will get. There's even something in here for *gasp* people that aren't 72 yet. Or 52. Or even 32. It's time to stop thinking about who you were before and consider who you can be right now. It's time to become a storyteller.

Fire In The Hole Ninie Hammon 2021-10-25 Family loyalties and deadly feuds are brought to life in Ninie Hammon's new intergenerational romp through the history of The Cornbread Mafia in rural Kentucky. Nobody remembers anymore who started the generations-old feud between the two families of moonshiners and bootleggers. But in 1933 a carload of McCluskys ambushed a carload of Hannackers and six people died. The families would have turned the Kentucky hills scarlet with Hannacker and McClusky blood if four women hadn't ended the war before it began. Their "Crow's Pledge" stopped the killing, but the hatred lived on. When the county's National Guard unit is called up thirty-five years later, the Hannackers and McCluskys take their feud to Vietnam with them. It's possible that some of the soldiers who came home in black body bags weren't killed by the Viet Cong. After discovering marijuana during the war, both families are determined to grow it in the States, setting them at odds again. But there's no Crow's Pledge to stop the bloodshed this time. *Fire In The Hole* is the first book in Ninie Hammon's new Cornbread Mafia series, a fictionalized retelling of the real Cornbread Mafia that sprung up in picturesque Marion County, Kentucky, and grew into the largest illegal marijuana-growing operation in U.S. history.

Preserving New York Anthony Wood 2013-10-28 *Preserving New York* is the largely unknown inspiring story of the origins of New York City's nationally acclaimed

landmarks law. The decades of struggle behind the law, its intellectual origins, the men and women who fought for it, the forces that shaped it, and the buildings lost and saved on the way to its ultimate passage, span from 1913 to 1965. Intended for the interested public as well as students of New York City history, architecture, and preservation itself, over 100 illustrations help reveal a history richer and more complex than the accepted myth that the landmarks law sprang from the wreckage of the great Pennsylvania Station. Images include those by noted historic photographers as well as those from newspaper accounts of the time. Forgotten civic leaders such as Albert S. Bard and lost buildings including the Brokaw Mansions, are unveiled in an extensively researched narrative bringing this essential episode in New York's history to future generations tasked with protecting the city's landmarks. For the first time, the story of how New York won the right to protect its treasured buildings, neighborhoods and special places is brought together to enjoy, inform, and inspire all who love New York.

Trance Formation of America Cathy O'Brien 1995 This is the documented autobiography of a victim of government mind control. Cathy O'Brien is the only vocal and recovered survivor of the Central Intelligence Agency's MK-Ultra Project Monarch mind control operation. Chiseled deep into the white stone of the CIA's Langley, Virginia headquarters is a partial verse lifted from the Holy Bible and writings of Saint John... "and the truth shall set you free." This statement, like the agency, is total reality. The building that it is engraved upon houses the world's most successful manufacturer of lies to facilitate psychological warfare. The "Company" uses truth and technology as their raw materials to produce "pure" lies for control of you and America's allies.

Nobody knows what started the feud between the Hannackers and the McCluskys, but they've been enemies for generations. Now that the cash crop of choice for both is marijuana, the stakes have risen – and Riley Hannacker joins other Vietnam vets from Callison County to form a marijuana-growing co-op called the Cornbread Mafia. But Jackson McClusky harbors a dark secret from the war. It was he, and not the Cong, who fired that rocket into a bunker, killing and maiming his buddies. When Riley begins to remember what happened, Jackson sets out to kill them all. It's not just Jackson plotting their deaths. They outsmarted Kentucky State Police Detective Booth Graham – now he is out for blood. And a competing Colombian drug cartel is sending a hit squad to wipe out the whole Cornbread Mafia in a hail of gunfire. Will the death plots by the McCluskys and the law succeed? Can they survive the cartel's attack? And can they pull off an elaborate ruse to prevent future bloodshed by convincing all the South Americans that a handful of former soldiers is really an army of ruthless, blood-thirsty hillbillies? Will the other drug cartels buy the hoax? Will they believe the Cornbread Mafia really is the meanest dog in the junkyard? *Blowin' Up A Storm* is the second book in Ninie Hammon's new *Cornbread Mafia* series, a fictional story inspired by the real *Cornbread Mafia* that sprang up in picturesque Marion County, Kentucky, and grew into the largest illegal marijuana-growing operation in U.S. history.
