The Merchant of Dennis the Menace Hank Ketcham 2005-10-17 In this engaging memoir, the Dennis the Menace creator charmingly tells his own colorful story, with copious illustrations of his artistic development, a behind-the-scenes section, and his hand-picked favorite strips. Hank Ketcham, the self-styled "Merchant of Dennis," passed away in 2001 at the age of 81, but not before writing this engaging memoir. In this volume, the Dennis the Menace creator charmingly tells his own colorful story, starting when he was about "five-ana-half" and first picked up the "magic pencil." A child of the Great Depression from Seattle, Ketcham abandoned college for Hollywood, to pursue a dream of making drawings for Walt Disney films. Initially rebuffed at Disney, he persisted in huffing and puffing at the Mouse Factory door (all the while drawing "Andy Pandas, rabbits, squirrels, and monkeys" at Walter Lantz studio) until finally he was let inside to labor happily on Pinocchio, Bambi, Fantasia and a host of Donald Duck shorts. World War II intervened, but Photographer's Mate Ketcham was, nevertheless, able to resume his artistic career in the Navy, where, in Washington, D.C., he created cartoons for the War Bond program. Following the war, Ketcham developed into a successful freelancer, placing cartoons in The New Yorker, Saturday Evening Post and Collier's. Then one fateful day, his harried wife screamed at him that his son Dennis was amenece! That, of course, sparked an idea that subsequently was sold to a newspaper syndicate in the fall of 1950. Within a year, Dennis the Menace was up to a hundred daily subscribers-a figure that climbed steadily. The Merchant of Dennis the Menace not only traces the humorous adventures of Hank Ketcham-with copious illustrations of his artistic development from a kid with an early knack for copying cartoon characters to a mature and masterful artist of everyday life in the Mitchell and Wilson households-it also offers a special insight into the life and times of the half-pint "Menace." In one unique section, Ketcham takes us behind the scenes of Dennis and provides complete backgrounds for all the major characters, including their genealogies. We are also treated to official model sheets, in-depth analysis of each character's personality and motivations, and an exclusive peek at the private sketches that Ketcham referred to of rooms in the Wilson and Mitchell homes, their backyards, and the neighborhood. To top it all off, the book includes a dozen of Ketcham's hand-picked, all-time favorite strips.

Twice the Man Rodney Angell 2020-08-18 Rod Angell has woven the details of his eventful life into a vivid story of "rags to a comparatively comfortable retirement." He was born in 1929, the year of the Wall Street Crash and the poverty of his family, struggling in the Depression to live and care for their children on a scanty income; however, all this was of lesser importance to him in later life than being born in the same year as Popeye! Follow the account of a Yorkshire tyke as he reveals in quite vivid detail the life of a childhood in the '30s, enduring all the gamut of childhood ailments and disease in a time before drugs, antibiotics, and the wonder of penicillin. He discusses life as a wartime

evacuee, progressing with humorous anecdotes and drama into a challenging, action-filled life as a Grenadier Guardsman on active service and then a drummer to the Royal Household, with all the pomp and ceremony that was his lot. He also tells of the many royal and state occasions he was a part of. The final part of his working life was as a firefighter, with its many challenges, ending his career in the rank of divisional commander. This book is not the story of two men, but of one who, after a demanding life as a soldier, followed by a dangerous one as a firefighter, surely became twice the man he was.

The War Below James Scott 2013-05-14 "Beautifully researched and masterfully told" (Alex Kershaw, New York Times bestselling author of *Escape from the Deep*), this is the riveting story of the heroic and tragic US submarine force that helped win World War II in the Pacific. Focusing on the unique stories of three of the war's top submarines—Silversides, Drum, and Tang—The War Below vividly re-creates the camaraderie, exhilaration, and fear of the brave volunteers who took the fight to the enemy's coastline in World War II. Award-winning journalist James Scott recounts incredible feats of courage—from an emergency appendectomy performed with kitchen utensils to sailors' desperate struggle to escape from a flooded submarine—as well as moments of unimaginable tragedy, including an attack on an unmarked enemy freighter carrying 1,800 American prisoners of war. The casualty rate among submariners topped that of all other military branches. The war claimed almost one out of every five submarines, and a submarine crewman was six times more likely to die than a sailor onboard a surface ship. But this valorous service accomplished its mission; Silversides, Drum, and Tang sank a combined sixty-two freighters, tankers, and transports. The Japanese were so ravaged from the loss of precious supplies that by the war's end, pilots resorted to suicidal kamikaze missions and hungry civilians ate sawdust while warships had to drop anchor due to lack of fuel. In retaliation, the Japanese often beat, tortured, and starved captured submariners in the atrocious prisoner of war camps. Based on more than 100 interviews with submarine veterans and thousands of pages of previously unpublished letters and diaries, The War Below lets readers experience the battle for the Pacific as never before.

Kapoors Madhu Jain 2009-04-17 'We are like the Corleones in The Godfather'—Randhir Kapoor There is no film family quite like the Kapoors. A family of professional actors and directors, they span almost eighty years of film-making in India, from the 1920s to the present. Each decade in the history of Hindi films has had at least one Kapoor—if not more—playing a large part in defining it. Never before have four generations of this family—or five, if you include Bashesharnath Kapoor, Prithviraj Kapoor's father, who played the judge in Awara—been brought together in one book. The Kapoors details the professional careers and personal lives of each generation—box-office successes and failures, the ideologies that informed their work, the larger-than-life Kapoor weddings and Holi celebrations, their extraordinary romantic liaisons and family relationships, their love for food and their dark passages with alcohol. Based on extensive personal interviews conducted over seven years with family members and friends, Madhu Jain goes behind the façade of each member of the Kapoor clan to reveal what makes them tick. The Kapoors resembles the films that the great showman Raj Kapoor made: grand and sweeping, with moments of high drama and touching

emotion. 'Few books on Indian cinema have been written with such wit, clarity and sparkle'—Outlook 'Jain writes in a language that is simple and pithy. . . it will keep alive public interest in the Kapoors who refuse to call it a day'—Telegraph 'Immensely readable...will surely find a place in the Indian cineaste's library'—Biblio
