The Association of Chartered Certified Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. The P7 Advanced Audit and Assurance paper aims to develop further your application skills when analysing, concluding and reporting

on assurance engagements, building on the knowledge and skills gained from paper F8. As well as emphasising the practical aspects of carrying out assurance engagements from start to finish, this paper also develops your awareness of best practice and current developments in this field. It focuses on the following key themes: * Audit framework and regulation, including ethical and professional considerations * Quality control and practice management * The audit and assurance process, from planning through to fieldwork and final review * Reporting the results of audit and assurance engagements * Current issues and developments within the field of audit and assurance. The examiner-reviewed P7 Study Text includes everything you need for this paper, including detailed guidance on the exam and the pilot paper questions. The question bank includes questions in the style of the P7 paper, and each chapter contains useful exam focus points and chapter roundups. The Study Text provides an

excellent source of the main professional and regulatory aspects of audit and assurance engagements, focussing on ethics and regulation and practice management, before going through the audit and assurance engagement process, and ending with a consideration of current issues and developments. BPP Learning Media is the publisher of choice for many ACCA students and tuition providers worldwide. Join them and plug into a world of expertise in ACCA exams.

Elasticity and Toughness Feng Wei 2021-12-31 This book examines minban teacher policies and their implementation in China between 1949 and 2000, when rural areas were in severe shortage of qualified teachers. During this period of time, minban teachers made great contributions to education, doing the same work as state-employed school teachers while receiving much lower salaries due to non-official status. With solid fieldwork on oral history of minban teachers and policy actors and deep examination of a wealth of policy documents in private and governmental archives, the author records the life history of minban teachers, the process of minban teacher policies, and the interaction between policies and individual strategies in M

county (pseudonym), located in northern Jiangsu province of China. The book reveals many interesting and sometimes surprising findings about the characteristics of educational policy implementation in China. While China's minban teacher policies have come to an end, rural education continues to be a major concern of policymakers and researchers alike. The book is an important piece of scholarship for the readers interested in rural education in China, and in how state, society, and culture interact to influence teacher policies and management in the Chinese context.
