**Principles of Management** Openstax 2022-03-25 Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well as behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Contributing Authors David S. Bright, Wright State University Anastasia H. Cortes, Virginia Tech University Eva Hartmann, University of Richmond K. Praveen Parboteeah, University of Wisconsin-Whitewater Jon L. **An Indigenous Peoples' History of the United States for Young People** Roxanne Dunbar-Ortiz 2019-07-23 2020 American Indian Youth Literature Young Adult Honor Book 2020 Notable Social Studies Trade Books for Young People,selected by National Council for the Social Studies (NCSS) and the Children's Book Council 2019 Best-Of Lists: Best YA Nonfiction of 2019 (Kirkus Reviews) · Best Nonfiction of 2019 (School Library Journal) · Best Books for Teens (New York Public Library) · Best Informational Books for Older Readers (Chicago Public Library) Spanning more than 400 years, this classic bottom-up history examines the legacy of Indigenous peoples' resistance, resilience, and steadfast fight against imperialism. Going beyond the story of America as a country "discovered" by a few brave men in the "New World," Indigenous human rights advocate Roxanne Dunbar-Ortiz reveals the roles that settler colonialism and policies of American Indian genocide played in forming our national identity. The original academic text is fully adapted by renowned curriculum experts Debbie Reese and Jean Mendoza, for middle-grade and young adult readers to include discussion topics, archival images, original maps, recommendations for further reading, and other materials to encourage students, teachers, and general readers to think critically about their own place in history.

**The American Yawp** Joseph L. Locke 2019-01-22 "I too am not a bit tamed-I too am untranslatable / I sound my barbaric yawp over the roofs of the world."-Walt Whitman, "Song of Myself," Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students-an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans.The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

**The Federalist Papers** Alexander Hamilton 2018-08-20 Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

**Everything You Need to Ace World History in One Big Fat Notebook** Workman Publishing 2016-08-09 It's the revolutionary world history study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace World History . . . Kicks off with the Paleolithic Era and transports the reader to ancient civilizations—from Africa and beyond; the middle ages across the world; the Renaissance; the age of exploration and colonialism, revolutions, and the modern world and the wars and movements that shaped it. The BIG FAT NOTEBOOK™ series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only one book you need for each main subject taught in middle school: Math, Science, American History, English, and World History. Inside the reader will find every subject's key concepts, easily digested and summarized: Critical ideas highlighted in marker colors. Definitions explained. Doodles that illuminate tricky concepts. Mnemonics for a memorable shortcut. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers. They make learning fun, and are the perfect next step for every kid who grew up on Brain Quest.

**Animal Farm** George Orwell 2021-02-02 All animals are equal but some animals are more equal than others. It's just an ordinary farm - until the animals revolt. They get rid of the irresponsible farmer. The other animals are sure that life is improving, but as systems are replaced and half-truths are retold, a new hierarchy emerges . . . Orwell's tale of propaganda, power and greed has never felt more pertinent. With an exciting new cover and inside illustrations by superstar Chris Mould.

**The Winter of Red Snow** Kristiana Gregory 1996 Eleven-year-old Abigail presents a diary account of life in Valley Forge from December 1777 to July 1778 as General Washington prepares his troops to fight the British.

**My Brother Sam Is Dead** James Lincoln Collier 2012-05-01 The classic story of one family torn apart by the Revolutionary War All his life, Tim Meeker has looked up to his brother. Sam is smart and brave, and is now a part of the American Revolution. Not everyone in town wants to be a part of the rebellion. Most are supporters of the British, including Tim and Sam's father. With the war soon raging, Tim knows he will have to make a choice between the Revolutionaries and the Redcoats, and between his brother and his father.

**Give Me Liberty!** Eric Foner 2017-07 The leading text in the U.S. survey course.

**Washington's Farewell Address to the People of the United States, 1796** George Washington 1913

**The Art of Failure** Jesper Juul 2013-02-22 An exploration of why we play video games despite the fact that we are almost certain to feel unhappy when we fail at them. We may think of video games as being "fun," but in The Art of Failure, Jesper Juul claims that this is almost entirely mistaken. When we play video games, our facial expressions are rarely those of happiness or bliss. Instead, we frown, grimace, and shout in frustration as we lose, or die, or fail to advance to the next level. Humans may have a fundamental desire to succeed and feel competent, but game players choose

to engage in an activity in which they are nearly certain to fail and feel incompetent. So why do we play video games even though they make us unhappy? Juul examines this paradox. In video games, as in tragic works of art, literature, theater, and cinema, it seems that we want to experience unpleasantness even if we also dislike it. Reader or audience reaction to tragedy is often explained as catharsis, as a purging of negative emotions. But, Juul points out, this doesn't seem to be the case for video game players. Games do not purge us of unpleasant emotions; they produce them in the first place. What, then, does failure in video game playing do? Juul argues that failure in a game is unique in that when you fail in a game, you (not a character) are in some way inadequate. Yet games also motivate us to play more, in order to escape that inadequacy, and the feeling of escaping failure (often by improving skills) is a central enjoyment of games. Games, writes Juul, are the art of failure: the singular art form that sets us up for failure and allows us to experience it and experiment with it. The Art of Failure is essential reading for anyone interested in video games, whether as entertainment, art, or education.

**I Survived the American Revolution, 1776 (I Survived #15)** Lauren Tarshis 2017-08-29 Hundreds of American soldiers were already dead. Battlefields in Massachusetts and New York were soaked in the blood of American patriots. And 11-year-old Nathaniel Knox was in the midst of it all, trapped in a swamp and fighting for his life. The air was thick with smoke and gunpowder. Bleeding soldiers screamed in agony. Through the trees, Nate saw the line of British redcoat soldiers - at least 100 men. Their blood-colored uniforms seemed to glow in the smoky haze. Gunfire blasted all around him. Nate knelt behind a rock, gripping his gun with shaking hands. The American Revolution had started as a glorious struggle for freedom. America was determined to tear itself away from England, out of the grips of King George III. The thirteen American colonies would become a brand new country: The United States of America! But King George was like a snake with America gripped in his fangs - and he didn't want to let go. So now it was war - brutal, bloody war.

**Common Sense** Thomas Paine 1918

**Rush Revere and the American Revolution** Rush Limbaugh 2014-10-28 THE AMERICAN REVOLUTION HAS BEGUN—AND RUSH REVERE, LIBERTY THE HORSE, AND THE TIME-TRAVELING CREW ARE READY TO RIDE INTO THE ACTION! Join us on this incredible time-travel adventure! Liberty, my wisecracking horse, our old friends Cam, Tommy, Freedom, and I are off to meet some super-brave soldiers in the year 1775. Yep, that's right. We'll be visiting with the underdog heroes who fought for American independence, against all odds—and won! But not before eight very real years of danger and uncertainty. Be a part of Rush Revere's crew as we rush, rush, rush into a time when British rule had become a royal pain, and rebellion was in the air. We'll be on hand to see two lanterns hung in the Old North Church, prevent a British spy from capturing Paul Revere, and grapple with danger at the battles of Lexington, Concord, and Bunker Hill. The extra special part of this trip is that right here in the twenty-first century, Cam's dad is a soldier fighting in Afghanistan, and Cam has been pretty angry that he is away. Visiting with exceptional American heroes like Dr. Joseph Warren and George Washington, racing along after Paul Revere on his midnight ride, and seeing the Declaration of Independence signed make Cam see his own dad in a new and special way. But don't worry. Along with the danger, excitement, and patriotism, there will still be time to stop for a delicious spinach, oats, and alfalfa smoothie. No, wait—that one's for Liberty. The kids and I voted for strawberries. Now let's open the magic portal to the past!

**McGraw-Hill's 10 ACT Practice Tests, Second Edition** Steven W. Dulan 2008-07-01 We want to give you the practice you need on the ACT McGraw-Hill's 10 ACT Practice Tests helps you gauge what the test measures, how it's structured, and how to budget your time in each section. **The American Crisis** Thomas Paine 2021-04-26T23:11:56Z The American Crisis is a collection of articles by Thomas Paine, originally published from December 1776 to December 1783, that focus on rallying Americans during the worst years of the Revolutionary War. Paine used his deistic beliefs to galvanize the revolutionaries, for example by claiming that the British are trying to assume the powers of God and that God would support the American colonists. These articles were so influential that others began to adopt some of their more stirring phrases, catapulting them into the cultural consciousness; for example, the opening line of the first Crisis, which reads "These are the times that try men's souls." This book is part of the Standard Ebooks project, which produces free public domain ebooks.

**Alexander Hamilton's Famous Report on Manufactures** United States. Department of the Treasury 1892

**The High School** 1923

**The Rise of the West** William H. McNeill 2009-07-30 The Rise of the West, winner of the National Book Award for history in 1964, is famous for its ambitious scope and intellectual rigor. In it, McNeill challenges the Spengler-Toynbee view that a number of separate civilizations pursued essentially independent careers, and argues instead that human cultures interacted at every stage of their history. The author suggests that from the Neolithic beginnings of grain agriculture to the present major social changes in all parts of the world were triggered by new or newly important foreign stimuli, and he presents a persuasive narrative of world history to support this claim. In a retrospective essay titled "The Rise of the West after Twenty-five Years," McNeill shows how his book was shaped by the time and place in which it was written (1954-63). He discusses how historiography subsequently developed and suggests how his portrait of the world's past in The Rise of the West should be revised to reflect these changes. "This is not only the most learned and the most intelligent, it is also the most stimulating and fascinating book that has ever set out to recount and explain the whole history of mankind. . . . To read it is a great experience. It leaves echoes to reverberate, and seeds to germinate in the mind."-H. R. Trevor-Roper, New York Times Book Review

**AP® World History** Jay P. Harmon 2020-04-13 For the NEW 2020 Exam AP(R) World History: Modern Crash Course(R) A Higher Score in Less Time At REA, we invented the quick-review study guide for AP(R) exams. A decade later, REA's Crash Course(R) remains the top choice for AP(R) students who want to make the most of their study time and earn a high score. Here's why more AP(R) teachers and students turn to REA's AP(R) World History: Modern Crash Course(R) Targeted, Focused Review - Study Only What You Need to Know REA's new 3rd edition addresses all the latest test revisions taking effect through 2020. **If You Lived At The Time Of The American Revolution** Jack Moore 2016-07-26 If you lived at the time of the American Revolution --What started the American Revolution? --Did everyone take sides? --Would you have seen a battle? Before 1775, thirteen colonies in America belonged to England. This book tells about the fight to be free and independent. *Resources in Education* 1998

**The war of the American Revolution** Robert W. Coakley 1975

**An Indigenous Peoples' History of the United States** Roxanne Dunbar-Ortiz 2015-08-11 Now part of the HBO docuseries "Exterminate All the Brutes," written and directed by Raoul Peck 2015 Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, An Indigenous Peoples' History of the United States is an essential resource providing historical threads that are crucial for understanding the present. In An Indigenous Peoples' History of the United States, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. An Indigenous Peoples' History of the United States is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.
